Deneen Holds Slight Lead Over McCormick

Legal Battle Looms In Race For G.O.P. Senatorial Nomination; Small Has 46,000 Lead; Carlstrom Wins.

Chicago, April 10.—Additional downstate precincts and recapitulation of previous unofficial returns cut former Governor C. S. Deneen's lead over U. S. Senator Medill McCormick to 2,989, the narrowest margin for the Republican senatorial nomination since returns began coming in from the Illinois primaries Tuesday.

This narrow lead made the result more doubtful than ever with greater indications of a judicial recount. 5,079 out of 5,668 precincts are in.

Chicago, April 10.—Belated returns from 600 odd precincts unreported two days after the Illinois primary, continue to make uncertain the result of the struggle of Senator Medill McCormick and Former Governor Charles S. Deneen for the Republican senatorial nomination, the only contest not definitely decided.

Deneen's lead of 8,000 votes given in virtually complete returns from Cook county (Chicago) is being absorbed by his opponent's gain in downstate precincts. With 5,037 precincts of 5,668 in the state reported Deneen has 319,229 and McCormick 315,672, a lead of 3,557 for the former governor. Returns from 286 precincts ... [illegible]

M'ADOO FACES CRUCIAL TEST

Democratic Leader's Hopes Depend Largely on Texas Primaries.

By MARK SULLIVAN

Washington, D. C., April 10—McAdoo today is entering Texas in person for what is undoubtedly the crucial fight of his campaign. He is scheduled to make at least five speeches, starting in the west and going the entire length of the state.

If McAdoo should lose Texas, it would be a most serious blow to him. If he should win, it would have much the same effect ... [illegible]

KLAN ... [illegible]

... [illegible] ... McAdoo's future ... [illegible] ... Underwood.

... [illegible] ... Klan ... [illegible] ... Underwood ... [illegible] ... public speech.

TANGLES ... [illegible]

... [illegible] ... McAdoo ... [illegible] ... local lineup in Texas.

This Klan and anti-Klan tangle is characteristic of most of the states where the fight is between Underwood and McAdoo for the reason that Underwood had made opposition to the Klan a fundamental part of his ... and ... McAdoo's fight ... the Klan and anti-Klan ... does not arise.

IOWA CONVENTION

In the Iowa state convention ... McAdoo ... [illegible] ... state Democratic organization ... McAdoo's friends and at this same convention which elected a pro McAdoo national committeeman also adopted without a dissenting ... a resolution aimed against the Klan and demanding that the nation must protect the liberties and maintain the rights of all its citizens regardless of race sex or creed.

UNDERWOOD CONFIDENT

Underwood's friends and managers both in Texas and here in Washington express great confidence in winning Texas. ... [illegible] ... Underwood's campaign in Texas consists of young men who have come into active political life since the war.

They say that apart from the fight between Underwood and McAdoo as individuals Texas has reached a point of such importance with the figure the Klan has cut in Texas politics for more than two years past that they are ready to register an anti-Klan victory.

WOULD AID HIM

If Underwood should carry Texas it would improve enormously his position in the national convention. The fact that McAdoo personally has come to campaign in the state today would argue that he must regard the Underwood opposition there as formidable and must set high value on winning the state for himself. For McAdoo to lose Texas would be very serious indeed. Texas is the largest of the dependable Democratic states.

Texas is to the Democrats what Pennsylvania is to the Republicans. It is the keystone Democratic state.

McADOO STRONGHOLD

To McAdoo the loss of Texas would be worse than merely the loss of forty delegates. For Texas has been regarded as a McAdoo stronghold. It was the center of McAdoo's strength in 1920. And before McAdoo Texas was a Wilson stronghold due to Colonel House and the considerable portion of Wilson's cabinets who came from that state directly or indirectly.

For Texas now to go against McAdoo would be in the nature of a political revolution. It would be so regarded outside of Texas, and would have important national results detrimental to McAdoo.

Champion Typist Keeps In Trim Like Athlete

BY T. C. OWEN.

(Copyright 1924.)

San Francisco Cal April 10—Albert Tangera of Paterson N J world's champion typist, has started a six months training grind including a five mile daily workout on the road and an hour in the gymnasium to fit him to repel the next assault on his laurels.

And in this new departure of athletic training for typists may be found confirmation of the ancient Aristotelian theory that if there is anything on earth that can make mere man step along just a little bit faster than anything else it is lovely woman. For it is none other than Miss Bessie Friedman of New York that Tangera fears.

FEARS MISS FRIEDMAN

The champion typist who can write 147 words a minute for a whole hour at a stretch—8,820 words, requiring the striking of 41,156 keys—with less than one-thousandth of one per cent of errors, is a big attraction here this week at the National Business Men's Show.

But even while he is disporting his crown he is thinking about Miss Friedman and trying to dope out new ways of increasing his speed. He may soon add shadow boxing to his road and gym work. He says he will double the intensity of his training as the time for the contest next October approaches.

DETERMINED PERSON

Miss Friedman, it seems is a very determined person.

"Thirteen years ago" said Tangera, "Miss Friedman entered her first national typing contest. At that time she announced her determination to some day win the national championship. Since then she has stuck everlastingly at it, each year getting closer to the top.

She has notified Tangera that this is her year.

		Double-Faced Number	List Price
Nocturne in B Major (Chopin) Piano Solo / Impromptu in F Sharp Major (Chopin) Piano Solo	Vladimir de Pachmann / Vladimir de Pachmann	6441	$2.00

After a lifetime of fame as a genius of the piano, de Pachmann has announced the adoption of a new technique. These Chopin numbers are the first records of his work by this new method.

Mondnacht (Moonlight) (Eichendorff Schumann) In German / Der Tod und das Madchen (Death and the Maiden) (Claudius Schubert) In German	Schumann-Heink / Schumann-Heink	996	1.50

Schumann-Heink is beloved throughout the land, not alone for her glorious voice. These are splendid recordings of favorite selections. Hearing them you feel the soft, mysterious appeal of Schumann's "Moonlight" and the pathos of Schubert's immortal "Death and the Maiden."

Laudate (Praise Ye) (Palestrina) In Latin / Tenebrae factae sunt (The Shadows Fall) (Vittoria) In Latin	Sistine Chapel Choir / Sistine Chapel Choir	6442	2.00

Millions of pilgrims have journeyed to Rome to hear the Pontifical Choir of the Sistine Chapel at the Vatican. The singers have just completed a tour of this country. Their last performances before sailing were for the making of Victor Records, the first of which are now offered.

Light Vocal Selections

Chansonette / Rose of Old Castile	Lambert Murphy / Lambert Murphy	45395	1.00

Two popular songs based on dance successes. Both finely sung, with beautiful high tenor notes. A record that shows how good popular music can really be.

Listen to the Mocking Bird / Nightingale Song (from the "Tyrolean")	Alice Green-Raymond Dixon / Della Baker	19250	.75

Charming numbers with whistling effects by Miss Uintah Masterman. The first is said to be the most popular song ever composed in America. The second the well-known "Nightingale Song." A record sure to please you.

I Wonder How the Old Folks are at Home / There's a Mother Always Waiting You at Home, Sweet Home	Lewis James-Shannon Quartet / Lewis James-Shannon Quartet	19266	.75

Male quartets of the heart-song type, with sweet, gentle harmonies. Both in the most obvious and simple style, on the old theme of "Home, Sweet Home," which is introduced. Homes everywhere will be the happier for such records.

Dance Records

I'm All Broken Up Over You—Fox Trot / I'm Somebody Nobody Loves—Fox Trot	Ted Weems and His Orchestra / Waring's Pennsylvanians	19286	.75

Two famous orchestras—both originating in American colleges. These numbers are in the brisk style of the moment. Get this record for good dance enjoyment!

My Gal Sal—Fox Trot / Ted Morse Medley Fox Trot	Ted Weems and His Orchestra / The Manhattan Merrymakers	19287	.75

The Ted Morse number includes "Way Down in My Heart," "Arrah Wanna," "Blue Bell," "Down in Jungletown" and "Dear Old Girl." A record that will appeal to all members of the family

Innocent Eyes—Fox Trot (from "Innocent Eyes") / Say It Again—Fox Trot (from "Moonlight")	International Novelty Orchestra / International Novelty Orchestra	19288	.75

Lively dance numbers—humorous, sentimental, but musicianly too. And of real interest also to those who prefer to sit and listen.

"Mother Why Not Try The Newer Form Of Iron

And Be Strong and Well and Have Nice Rosy Cheeks Instead of Being Nervous and Irritable all the Time and Looking So Haggard and Old?"

"The doctor gave some to Susie Smith's mother and she was worse off than you are and now she looks just fine." There can be no healthy, beautiful rosy cheeked women without iron. Good physicians have strongly emphasized the fact that doctors should prescribe more of the newer form of iron—Nuxated Iron—for their nervous, run-down, weak haggard-looking patients. When the iron goes from the blood of women the roses go from their cheeks, and strength and vitality from their bodies. This newer form of iron, like the iron in your blood and like the iron in certain green vegetables, is highly recommended to thousands who wish quickly to increase their strength, power and endurance It is surprising how many people suffer from iron deficiency and do not know it Iron is absolutely necessary to enable your blood to change food into living tissue. Without it, no matter how much or what you eat, your food merely passes through you without doing you the proper amount of good. You don't get the strength out of it, and as a consequence you become weak, pale, and sickly-looking, just like a plant trying to grow in soil deficient in iron

You can tell the women with plenty of iron in their blood—beautiful, healthy, rosy-cheeked women, full of life, vim and vitality You can get Nuxated Iron from any druggist under an absolute guarantee that it will do the same for you or your money back.

L. P. HALLADAY CO. WITH BIFLEX CO.

New Corporation to Triple Bumper Output.

TO USE COMET PLANT

Main Office to Be in Waukegan, Ill.

Announcement was made Wednesday by L. P. Halladay, head of the L. P. Halladay Co., makers of shock absorbers and bumpers, of the merging of the interests of that firm with the interest of the Biflex Products Co., of Waukegan.

A new corporation, the L. P. Halladay Co., a Delaware corporation, has taken over the interest of the Decatur concern and with them the Comet Automobile Co., building which was recently bought by Mr. Halladay for $125,000 and within sixty days it is expected that the company will be turning out 3,000 sets of bumpers daily, tripling the present output of the company which will move its bumper business from its present site on North Third near East Eldorado street to the Comet building on Garfield Avenue.

This move probably will not be made until some time this summer as the firm is very busy at this time on orders which have piled up for its product.

USE MORE MEN.

The plans for enlargement which have resulted from the merger of the interests of the two firms probably will lead to an addition to the number of men employed locally of between 100 and 200.

Mr. Halladay retains the shock absorber which he has been pushing through the recently organized Decatur Auto Products Co., which is now located in part of the Pan American Motors Co., buildings.

The Biflex and Halladay lines will both be retained by the consolidated company, the Waukegan company remaining at its present location in that place. The two lines do not conflict and will be handled by the combined sales force of the two concerns.

WAUKEGAN OFFICE.

The main office of the companies will be at Waukegan but Mr. Halladay will remain in Decatur.

Jack Grimm will be vice president of the Decatur company of the combination and will manage the plant here.

Mr. Halladay himself retains a half interest in the new Decatur firm, is chairman of the board of directors and is also vice-president of the Biflex Co.

Mr. Halladay expects to take a vacation after forty-one years of active life in the manufacturing business.

PEPGEN WINS ON COLLEGE STREET

Mrs. Page Proctor, 544 N. College street, Decatur, says:

"I recommend Pepgen for stomach trouble because I never had such satisfactory and quick relief before.

"How much medicine have you taken?" She was asked.

"Only one bottle," came the emphatic reply. "And I have been wonderfully relieved. Any person who is afflicted with stomach trouble knows exactly how it interferes with a person's rest and wears them out, inch by inch, and no matter how well they love certain things to eat they dare not taste them.

"Housework was a hardship to me on account of this distressing trouble but now I go about my house as happy as a child with a doll house. I sleep good and sound and am ready to get up when morning comes. I am so enthusiastic about Pepgen that I want everybody who has this trouble to try it."

Pepgen has relieved hundreds of Decatur people of gas on the stomach, heartburn, bloated feelings, sour stomach, sick headaches, nervousness, pains in the back, and habitual constipation. Why not you?

Pepgen is sold in Decatur only at the Decatur Drug Co. It may also be obtained at one leading drug store in every nearby town which may be known by a Pepgen sign.

GET HARRY SLATER FOR ADDRESS APR. 17

Transportation Club Plans for Meet.

Harry Slater, who for ten years has been rate expert on transportation and is now assistant commissioner of the Illinois Commerce commission, will be the speaker at the April meeting of the Decatur Transportation club which will be held at the Y. M. C. A. annex the night of April 17.

Because of Mr. Slater's position and also because of his expert knowledge of rates it is expected that a large proportion of the club membership will attend the meeting. Reservations are to be made, as usual, through M. M. Cooper, secretary of the club, at the office of the Mississippi Valley Structural Steel Co.

DEATHS.

MRS. PERCIVAL CHUBB.

Decatur friends of Percival Chubb of St. Louis will be interested in the news of the death of his wife, which occurred Wednesday in Haverford, Pa., at the home of her sister. She was formerly Mrs. Walter L. Sheldon, wife of the founder of the Ethical society in St. Louis, and several years after his death she married Mr. Chubb, who had succeeded Mr. Sheldon as leader of the society.

Mr. Chubb's first wife was formerly Miss Louise Walston, daughter of the late Dr. R. L. Walston of Decatur.

SHELBY GRAND JURY HAS BEEN RECALLED

State's Attorney Says "Rioting" Has Occurred.

WITNESSES BEATEN

Refers to Recent Assault of Decatur Men.

Shelbyville, April 10—At the request of State's Attorney R. I. Pugh, Judge F. R. Dove has recalled the grand jury of the March term of the circuit court, to consider matters which Mr. Pugh will lay before it, concerning recent events in Shelbyville.

Mr. Pugh's petition to recall the grand jury, following the opening legal phraseology, reads:

ALLEGES "RIOTING."

"Information is further given to the court that since the last meeting of the grand jury of said March term there has been in the city of Shelbyville, rioting and witnesses of this court, have been assaulted, beaten, attempts made to intimidate them in their appearance before the court and their duties as witnesses before this court.

"Information is further given to the court that there have been and are, other violations of the law that have occurred since the last meeting of the said March term grand jury, that should be speedily investigated by the grand jury and in some way remedied by such legal action as the law will permit.

"In view of the foregoing fact herein presented, it is respectfully requested that the grand jury of the March term, A. D. 1924, of the circuit court of Shelby county, Ill., be recalled to investigate these matters therein before set out, and such other things as may legally come before a grand jury."

REFERS TO DECATUR MEN.

In his reference to rioting, assault of and attempt to intimidate witnesses of the court, State's Attorney Pugh refers to the recent beating of W. T. Massey, J. F. Baker and A. P. Trenary, three Decatur men who had been engaged by the city to obtain evidence of bootlegging and gambling.

ALLEGED KLANSMEN HELD FOR MURDER

Ebensburg, Pa., April 10.—Denying an application for a writ of habeas corpus, Judge John A. Evans Wednesday night ordered 25 men, said to be members of the Ku Klux Klan, held without bail upon charges of murder and riot in connection with the fatal disorders at Lilly, Saturday between townspeople and visiting klansmen.

ONTARIO HANGS TWO MURDERERS

London, Ont., April 10.—Ernest S. Murrill and Clarence Topping, convicted murderers, were hanged simultaneously in the Middlesex county jail yard today.

Muscle and Control Make Every Goal

ENERGY, strong muscles and steady nerves not only win the goals in football but all the other goals in life. And children have an excellent start toward making these goals when the foods they are served contain the elements which build and store up bodily energy and strong health.

The food element, Dextrose, which your doctor can tell you gives vigor and stamina to blood cells and tissue, is of utmost importance to growing children. And because Karo—either Blue Label or Red Label—contains such a large percentage of Dextrose, it is a most valuable food for them. They like the delicious tempting flavor, too.

Warren

The Warren school Mothers club will meet at 2:30 Friday afternoon, the meeting having been set a week earlier because of the state meeting in Springfield next week. Rev. R. D. Henry will be the speaker, his subject being "The Fundamentals of Virtue". The program will be furnished by the school children who will sing "The Spring Song".

H. B. Durfee.

The Mothers club of the H. B. Durfee school will have a called meeting at 7:30 Thursday evening to consider important business. The school has had a paper campaign this week and the paper was sold Wednesday. A prize was offered the room collecting the most but it is not decided yet whether room seven or room seventeen was the winner.

The boys of rooms four, five, six and seven are practicing baseball this week, looking forward to the baseball tournament which will be put on next week. Each room will play for the championship in that one room and then the winners from four and five will play and the winners from six and seven. The two winners of these games then will play a team from room seven for the school championship. Later in the spring a field and track tournament will be held in the school.

Thousands Die Who Ought Not to Die

Kidney Troubles Responsible

Never mind how much you pay for a kidney medicine, if it puts your kidneys in good shape, banishes that backache and drives puffiness from under the eyes.

Dr. Carey's Marshroot Prescription 777 (made of roots and herbs), a big seller in the east, costs $1.50 a package, either in tablet or liquid form and it's well worth the money.

A stitch in time saves nine—a few days' treatment right now with this amazing medicine may save a life—save heartbreak through grief—and perhaps the breaking up of a happy home.

Never mind what you have tried before—if you get up through the night, if your palms are moist, if you even suspect you have kidney trouble, get Dr. Carey's Marshroot Prescription No. 777 today at Decatur Drug Company or any druggist anywhere and if it doesn't help you, if you aren't glad in a week's time that you bought it, go and get your money back—it will be waiting for you.

Warns Middle-Aged Women To Check High Blood Pressure

Thousands of women at the changing time of life are in danger of high blood pressure. It is caused by poisonous waste accumulating in the system or the weakening of one or more organs. This forces the heart to do more work and raises blood pressure.

The symptoms are dizziness, shortness of breath, head pains, flushed face, nervousness or sleeplessness. High blood pressure must be treated and stopped for everyone knows it brings on Bright's disease, apoplexy and often sudden death. It is too dangerous and quick acting to go without heeding its symptoms.

Norma is a doctor's prescription for high blood pressure that has been used with great success, and is now sold by Decatur Drug Co., and good druggists everywhere.

Being a purely vegetable medicine it contains no habit forming drugs, is harmless, and works in such a way that it drives out waste matter, lessens the duty of the over-taxed heart and reduces blood pressure swiftly and safely. Often one bottle brings great relief. Get a bottle of Norma today and free yourself of life shortening high blood pressure.

WOMEN GATHER FOR CLINTON MEETING

Mrs. Miller Opens State Federation.

Clinton, April 10—Several hundred women of central Illinois arrived in Clinton Thursday morning as delegates to the annual convention of the nineteenth district, Illinois Federation of Woman's clubs, in session Thursday and Friday. The meetings are being held at the Vespasian Warner library.

MRS. MILLER IN CHARGE.

President Flo Jamison Miller of Monticello presided at the opening of the convention at 1:30 p. m. and the address of welcome was delivered by Mrs. Daniel Ward of Clinton, the response being given by Mrs. C. D. Babb, second vice president of the association. Music was furnished by the high school Glee club. The program includes a banquet at St. Paul's Universalist church Thursday evening.

GUESTS OF HONOR.

Mrs. George T. Palmer, state president of the Illinois Federation, and Mrs. Eugenia Bacon of Decatur will be guests of honor throughout the convention. Prof. E. R. Darling of the James Millikin university will give an address on Thursday evening. Friday's program is as follows:

9 a. m., Mrs. C. D. Babb and Mrs. F. J. Miller presiding.
Music—Mrs. Sylvia Hammond.
Reports of committees.
Reports of chairmen of departments.
Reports of nominating committee.
Election of officers.
1:30 p. m., Report of clubs.
Minutes of sessions—Recording secretary.
Salutatory—President elect.

INSPECT DIVISION.

General Manager J. J. Pelly and General Superintendent George Patterson of the Illinois Central passed over the Springfield division Thursday on a trip of inspection of northern and western lines of the company. They were accompanied over the division by local officers.

AT ELKS CONVENTION.

R. E. Downing and R. C. Parker of Clinton will attend the Illinois Elks convention to be held in Chicago, June 5-7, as delegates from the Clinton lodge.

This probably will be one of the most elaborate affairs ever held by the organization in this vicinity and will feature the laying of the corner stone of the new memorial home, in progress of erection at Diversey Parkway and Lakeshore drive in which 15,000 Elks will participate.

MOVE TO CENTRALIA.

Mr. and Mrs. George Singer, who have been residing on South East street are moving to Centralia to make their temporary home. Mr. Singer, who is an Illinois Central employe, has taken a freight run between Centralia and Decatur.

ASKS DIVORCE.

Tiffin A. Nott has filed suit in circuit court asking divorce from Gladys Nott, charging desertion. The bill states the couple was married May 19, 1920, and she deserted on May 19, 1921. The suit will come up in the May term.

ATTEND SCHOOL.

Mrs. V. E. Daniels, Mrs. Guy Baughman and Mrs. E. L. Caldwell have returned from Springfield, where they attended a school of instruction for members of the Ladies' Auxiliary to the Order of Railway Conductors which was conducted by Mrs. Ida Partridge, grand junior sister of Chicago.

An all-day school of instructions will be conducted in Clinton by Mrs. Partridge, April 17.

TROUBLE IN EAST END.

Officers prevented a riot in the east part of the city Tuesday noon by their timely arrival after several white boys had accosted a number of negro boys on their way to school. The white boys declared they were sixteen years of age and did not have to attend school, and were making an effort to prevent the negroes from doing so.

In a very short time white residents of the neighborhood had congregated and were preparing for trouble when officers appeared on the scene and took charge. The boys were taken to the office of State's Attorney W. F. Smith and questioned with the result that orders were issued with an ultimatum "go to school, go to work, or go to jail for vagrancy."

SURPRISE PARTY AT DALTON CITY

Mildred Mayes of Aurora spent the first of last week with his parents, Mr. and Mrs. J. L. Mayes.

Mrs. Boland and granddaughter, Miss Reuter, spent several days with Mr. and Mrs. T. M. Zook and then spent the last of the week with relatives in Sullivan.

Mrs. G. W. Burress and daughter Belva were Sullivan callers Thursday.

Mr. and Mrs. Zook and son Robert, Perry Bobbitt and sons, James and Howard; Charles Moody, G. W. Burress, Marion Barrett, Leroy Fryman, Charles Fiest and son Harold, E. A. Vollmer, William Ekiss and son George, Mr. Huffman, Joe Johnson, Mr. and Mrs. H. L. Grounds and two children, Kathryine and Paul; Ruth Cowger, Mrs. Wilson, Mrs. Hight, Pert Scott and daughter Helen, Celesta Wright, Lucinda Nihiser, Cil Layman and C. W. Martin were Sullivan callers the last of the week.

David Henneberry was a Bethany caller Thursday.

Mr. and Mrs. Jay Dwyer and son of Bethany spent Sunday with Mr. and Mrs. John Dwyer.

Mrs. John Dwyer and daughter Marcella and Mrs. S. L. Stevens were Decatur callers Monday.

Mrs. Jessie L. Wilson was a Decatur caller Tuesday evening.

The Ladies' Aid of the Christian church will hold a waffle supper on Saturday, April 12, in the church basement.

PLAN FOR SUPPER AT LOVINGTON

Lovington, April 10.—Mrs. J. S. Strohm will have charge of the regular Thursday evening supper this week in Community Hall.

Following the supper, there will be prayer service beginning at 7:15. The pastor, Rev. O. D. Hess, will preach, his subject being "It is Finished."

At 8:15 the picture, "The Christian," will be shown.

F. M. CLUB.

Misses Maude and Mary Miller entertained the F. M. club at their home Wednesday evening.

BABY DIES.

William, the two weeks old son of Mr. and Mrs. John Davis, died from whooping cough early Monday morning. Burial was in the Kellar cemetery Tuesday afternoon.

Miss Alice Porter entertained the members of the Foreign Missionary Society at her home Wednesday afternoon. Mrs. T. L. Conn was leader.

Mr. and Mrs. Ira Hoffman and family have moved to their farm southeast of Lovington for the summer.

Mrs. John Drapp and children returned Wednesday from Witt where they have been visiting.

George McChrystal, who is employed in the mine at Nokomis, came home Tuesday to vote and to visit with his mother, Mrs. Jane McChrystal and family.

Harold Harris is confined to his home with an attack of measles.

ENLARGES STORE.

W. T. Alumbaugh, who recently opened up a grocery store at the rear of his residence on County street, has found it necessary to make his store room much larger to take care of the large trade that he has. Miss Delia Timmons and Mrs. W. T. Alumbaugh assist in the store.

Dorothy, the little daughter of Mr. and Mrs. William Thomas, is seriously ill.

Rosemary Foster, who has been confined to the Decatur and Macon county hospital for a number of weeks, has improved sufficiently to be brought home Tuesday evening by Mr. and Mrs. Oral Foster.

TO FILM INTERIOR OF PEABODY MINE

To Get Graphic Scenes Underground.

Taylorville, April 10.—Preparation for taking a moving picture of the inner working of Peabody mine No. 7 in operation at Kincaid were started Wednesday by a number of the state department of mines and minerals employes.

Actual shooting of scenes in the mine will begin Thursday, it was stated.

The mine will continue in operation all during the making of the picture, as a graphic insight into a mine at work is the aim of the state department.

MINE TO SUSPEND.

Mine No. 9 at Langley is expected to shut down in a week or two while a new cupple is being installed, it was reported Wednesday.

This will put 400 men out of work for about two weeks.

DELEGATES.

L. T. Jones and Harvey Gallagher were elected delegates to the state Lions convention in Elgin with Nat McFadder and John Dehrun as alternate at a banquet Tuesday night.

AGED COUPLE TO WED.

Joseph E. Logerst, sixty-nine, and Mrs. Mury Virginia Dernan, seventy, both of Assumption, were licensed to wed Wednesday morning by County Clerk E. A. George.

Mr. Logerst said that he would be married this week, but refused to give the date.

The debating club of the local High school will debate a team from the Springfield High school, April 30. The question which has been decided upon is "Resolved, That the Johnson bill is the best method of solving the American immigration problem."

CELEBRATE ANNIVERSARY.

Mr. and Mrs. Ed Minnis entertained in honor of the 5th anniversary of the organization of the Grand Army of the Republic, the comrades of the local post, widows and daughters of veterans at a six o'clock dinner Monday evening at their home on West Market street.

SOMBRET-FAUVERQUE.

Rena Albert Sombret, thirty, and Annie Josephine Fauverque, twenty-four, both of Taylorville were married Tuesday afternoon by County Judge C. J. Vogelsang.

Louis C. Lindsay, forty-two, and Eva B. Wood, twenty-three, both of Johnson township, were married Tuesday afternoon by Magistrate J. H. Forester.

MISS DARWIN DIES.

Mrs. Cordelia Green Darwin, colored, wife of C. C. Darwin, died at her home at 6:40 Tuesday morning, following an illness of six months. She was born March 13, 1870, in Chickamauga, Tenn. She was united in marriage to C. G. Darwin, Nov. 7, 1886, at Bunker Hill, Pa.

Besides the husband she is survived by four children, Mrs. B. Slude, Williamston, N. C., Mary E., Mrs. Eva P. Williams and James P. Darwin, at home; also three grandchildren, two brothers and two sisters. She was a faithful worker in the African Methodist Episcopal church.

Returns late Wednesday indicated the nomination of Arthur Tolliver for circuit clerk over Jake Ballot of Edinburg by between fifty and seventy-five votes.

L. E. Bentley of Raymond and Lorne Colegrove, who recently engaged in the insurance business here, have taken the agency for twenty counties in this state. They will open an office here in the near future.

STAPLETON, ILL.

Miss Anna Stapleton, who is taking nurse's training at St. John's hospital at Springfield, has been called to the city to help care for her father, Thomas Stapleton, who is seriously ill.

Charge Selling Liquor.

Charles Dively, 151 North Broadway, was arrested Wednesday evening for possessing and selling liquor. He gave bond to appear before Justice Lloyd, April 18.

Age 31 Has Tragic Meaning for Average Man or Woman

U. S. Life Tables show health span extends only from 18 to 31—Earnings fall off rapidly after 40

Physical freedom and full vigor—what are they worth to you? This is a question the average American can answer from his own bitter experience—for at age 31 the average American begins to slip. After 40 his earning power drops off rapidly. These appalling facts are shown by the United States Life Tables, 1920.

Age 31! The age at which men and women should be entering their period of greatest usefulness and happiness! The beginning of the supposed "prime of life."

Not the prime of life. The age of decay! What causes contribute to this fearful condition?

Unwise eating. Sleeplessness. The loading of the body with drug stimulants, which appear to *give* added energy, but actually *borrow* this energy from the body's own reserve.

Every school child is taught to avoid stimulants. Most mothers enforce the *no-coffee* rule for children. Then comes maturity—and the squandering of the reserve strength which the body has stored up. Figures show that the average American is able to stand the pace just 13 years. Then, with half his life yet before him, he hits the down grade.

Medical literature classifies caffein as a poison. Like strychnin, it is sometimes given by doctors in cases of heart failure. The average cup of coffee contains the usual dose of caffein administered in these cases.

Coffee contributes no nourishment to the body. Its only virtues, as a beverage, are its warmth and flavor. A hot, appetizing, *drugless* drink is a benefit with every meal.

People in 2,000,000 American homes enjoy such a drink in Postum. A drink with the rich, mellow, full flavor and fragrance of roasted whole wheat and bran—flavor which people in 2,000,000 homes like better than any other.

Try Postum for thirty days—you can't expect to rid yourself of the effect of a habit of years in a day or two. Know that you are enjoying a drink which *contributes*, rather than robs, reserve strength. We will give you—free—a full week's supply of Postum to start you on your thirty-day test.

Ask for either Postum Cereal (the kind you boil) or Instant Postum, the easiest drink in the world to prepare. Either kind costs less than most other hot drinks. With your week's free supply, we will have Carrie Blanchard—nationally famous for the goodness of her Postum—send you her own directions.

After 31, what? Take one easy step in the right direction, by sending for your first week's supply of Postum—*now!*

WOLF REWARDS BRING RESULTS

Two More Varmints Killed Near Henton.

Hinton, April 10.—Two grey timber wolves, a male and female, were killed early Tuesday morning several miles west of Henton by Mr. Silferd and son of Pana.

The wolves were lying asleep under a log and were both killed before they could get away.

They brought the wolves into Henton and they were on exhibit all day Tuesday at J. A. Ritter's store.

Mr. Silferd is a brother of John Silferd of near Brunswick.

AFTER MANY YEARS

At last, just forty years after Decatur once before made a start on a definite sewer plan which was modified and decreased as to size to the detriment of the whole system we have taken the first definite step on the new plan for sewers which are to serve the Decatur of today as well as to be so located and built as to serve the Decatur of the future

The long-delayed much needed north side sewer will soon be on its way through court so that contracts for its construction can be let yet the coming summer

Plans for the sewers to serve the southeast and east districts are being made

The sanitary district is planning to construct the connecting link in the interceptor to connect with the southeast system

If the Williams plan drawn up by Benezette Williams in 1884 for a system of sewers to serve the then small town of Decatur was necessary or advisable then the step that is now being taken by the city of 50 000 to relieve the system built on the modified plan of four decades ago is even more necessary

The presentation of the definite plan for the north side sewer is a triumph for co-operative unified effort on civic needs

The plan which is being worked out for the sewers of Decatur is a direct result of the meetings of city officials, special committees of the Association of Commerce, the sanitary district trustees Decatur Water Supply company officers and a few other men especially interested in having Decatur go at this sewer reconstruction on a scale adequate for future as well as present needs

The city, the water supply company and the sanitary district shared in the cost of making this complete plan

It is to be hoped that what experts have worked out in detail as the best plan for this sewer system for the greater Decatur will not be modified by city officials of this or succeeding administrations Such modifications are usually for the worse

We have had experts plan this work

Do not permit the near experts to fool with it

WHO HINT HIPS?

One of the silliest cases of hysterics which those who for some reason known only to themselves believe that they only carry the ark of the covenant of American patriotism have recently had is that about the pacifists in Northwestern university.

Because forty or fifty persons get together and agree that their conscientious scruples are against all forms of war those individuals who seem to believe that patriotism and fighting are synonymous proceed to have a sad case of hysterics

They rush to the front page top of the column, and point to the decay of American principles through the universities and colleges, through the alleged flabbiness of the teachings in the universities and schools of the United States

A very simple question settles all this teapot tempest

What was first emptied when the call came for volunteers to serve in the great war—the factories or the colleges?

When the test came the call for patriotism that was real, not make believe, sincere not merely noisy, colleges and schools poured forth their men students as volunteers by the thousands

Many colleges were almost depopulated Classes of the older students in the schools became extinct through loss of members to the service.

That men should think about peace and should talk over ways and means to secure it for the world is no crime

It is not even unpatriotic

Professional patriotism—patriotism which takes the flag merely as a symbol of rabid nationalism—is not the real stuff.

It is the imitation, gilded and highly colored, it is true, but it is still an imitation of the genuine article.

If this nation had as little to worry over as the fear of failing patriotism in its colleges it would be a happy one

Nationalists of the extreme type are making themselves ridiculous over the Northwestern incident.

This is still a reasonably free country Even differences of opinion as to types of patriotism are still tolerated by reasonable Americans

THE TEST TO COME.

Democrats in Illinois face an opportunity. They have, unless all signs fail, a good chance to elect Judge Norman L Jones governor of the state

And all reports on Judge Jones indicate that he would make a good governor for this commonwealth

Republicans are divided by a bitterness that has not been exceeded in years

What the supporters of Mr Essington have said about Governor Small leaves them small grounds for supporting him in the election that is to be held in November.

If the Democrats will conduct their campaign with wisdom and moderation, fighting fairly but with determination in spite of this being a presidential year the next governor of Illinois will carry the name of Jones

Democrats should watch their step Good fortune is looking their way in Illinois

Republicans who have renounced their allegiance to Small are to be tested in the crucible of sincerity

Democrats are to be tested on their wisdom in the face of opportunity

THE ROAD TO GLORY.

You'll never get to glory lad along
the glittering road
Your shoulders must be big and
strong to bear the heavy load
And you must put the pleasures by
The painted cheek and smiling eye
The merry dance and rousing song
to do what duty asks
The road to glory's straight, and
far
Away from where the revels are,
With many a dusty mile to tread and
countless dreary tasks

Two ways there are for youth to go
and one is gay with song
The other calls for earnest men and
rugged hearts and strong
Bewitching sirens lure the feet
Of those who sigh for pleasure
sweet
But when the purse is empty boy in
scorn they pass you by,
'Tis time enough to dance and sing
When you have done some useful
thing
And youth must strike for goals afar
which old men dare not try

You'll never get to glory lad by
traveling pleasure's way
Who steps aside for dance and game
shall see his strength decay
So bend your shoulders to the load,
And trudge the rough and dusty
road
And choose the brave and earnest
souls
Whose eyes are turned to distant
goals
And they shall make you strong and
wise and peace shall dwell with
you

Books

BY MAURICE HUNEL

New York —If the author of Big Game drew upon life to furnish his central character, then we live in a sordid world indeed John Forsythe is one of those individuals whose only ambition in life is the accumulation of money—big money He doesn't care how he gets it though he always entertains a fear of crowding the law too hard

It is around such a character that Louis Lacy Stevenson has written his story Big Game (Brentano's) In one of those rare books the reader hesitates to put down until he is finished John Forsythe inherited his heartlessness from his father Josiah Forsythe and we are given an inkling of what is to come in the opening pages when with him we are forced to watch Josiah foreclose the mortgage he holds on his neighbor farm

JOHN has the utmost contempt for squirrel hunting He considers his father a squirrel he considers his life on the Ohio farm as a squirrel's life So he goes away to Unionville to Chicago and finally—to New York

And we watch John Forsythe grow through the stages of the petty loan shark the bucketshopper the stock swindler and the embezzler Those who come in his path he squishes as he would a fly That he drives a man to suicide doesn't hurt his conscience because he has none

John Forsythe is a rotter all had Once in a while especially during those fleeting moments when he believes himself in love do we see a futile effort of another John Forsythe to break through the barrier which he has built around himself

BUT he shakes himself from these moments of weakness and climbs on Such a man arouses in others two feelings Either outright hatred or pity or both and Stevenson undoubtedly wants his reader to get both reactions not pity for the man but pity for his distorted view point of life

Several startling passages may be found in Big Game We won't repeat any here because this review must go through the mails We wonder why authors insert these seemingly useless bits of profanity True they are true to life Even women swear profusely But they might serve another purpose—they might cause ministers to urge the books suppression, and publicity would result

We can't recall at the moment an writer whose style reminds us of Stevenson's His is the dogged determined ruthless style He moves slowly but surely and the reader glows with Forsythe The contact between reader and the mind of Forsythe is perfect

COMPLETE NORTH SEWER IN 1925

Cost of Present Part Will Be Over $300,000.

The main trunk line of the proposed new north side sewer which is to serve that territory north and northeast of the city which has been clamoring for sewerage for years will start at Harrison avenue and Woodford streets and run west to Illinois street north to Curtis avenue and then west along the line of Kelly line is for to North Union street where it will again run north to McKinley avenue and thence west to near Graceland

Another branch main line will run south from McKinley avenue in Rosedale avenue as far as Taft, then east to Monroe south to Harrison and east again in Harrison to Edward street

$3.20 PER FRONT FOOT

Since not all of the laterals will be construct d at this time the estimated cost of $ 20 per front foot for the completed system will not fall against property in those sections where the laterals will not be constructed at this time but the assessment for the trunk lines only will be assessed against such property This is estimated to run about $3 08 per front foot When the laterals are built to serve this yet undeveloped territory the cost will be assessed against it

A total of 12 000 feet of frontage is designed to be served by the full system but at this time it is planned to care for only 20 000 feet of frontage with the laterals to be built immediately

MONOLITHIC TILE

Monolithic concrete tile will be used for the trunk which at the west end will be seventy-two inches in diameter

The estimated cost of the main line is put at $117,000 and of the laterals to be built now $142 000

It is expected that the work which will be let this year will be completed in 1925

The Story Of Decatur

By E. T. Coleman

CHAPTER 130.

MACON COUNTY IN THE RAW

Vivid Picture of Pioneer Life in the Middle Period of County.

As a remarkable epitome of pioneer life in Macon county the readers of this story are commended to the following letter written by Benjamin B. Hockaday to his relatives in Martin's Ferry, O., in 1859. He had been here two years and had located on the Bloomington road eight and a half miles north of Decatur. It appears from this letter that he was a man of intelligence and education and he tells the story wonderfully well. One can read it and actually live with him the life of the pioneer in Illinois, suffer with him the hardships, discomforts and privations and rejoice with him in the ultimate achievement.

The letter is to long for one chapter and it will be printed in two installments It is as follows

Decatur, Ill., July 19 1859
Dear Brother and Sister,
Robert and Susan Hockaday

After indeed a long silence between us I am constrained to try to let you know something of our hardships and trails since we have been pioneers in this country, which was when we came here two years ago last March

We found an unbroken wilderness for miles around us You know that we came here poor, having but little money to start in the world again We moved to Decatur and wintered there the first winter Rent, provisions, groceries and all necessities of life were scarce and higher by one half than almost ever before known Our expenses were more than double our expectations and with the expenses of moving drew heavy on our scanty means

BUILD HOME

We went to work that winter chopped logs and hauled to the saw mill lumber enough to frame our house and make a stable We hauled lumber out after the house was framed before the 15th of February, also pine lumber and shingles for floors and covering the house The boys made a shanty and slept in the wagon body and dug a well first built the house We moved out to it the 20th day of March The lower floor was laid but the upper one was minus No doors were hung, no glass in the windows, and the stairs were not run and the house was only weatherboarded

FOURTEEN BELOW IN MARCH

The spring proved to be wet and cold While the boys were building the house and living in the shanty in March the thermometer stood as low one night as fourteen degrees below zero It is needless to say that it was uncomfortable In March the roads became extremely bad and continued so until June We were eight and a half miles from mill or store and five miles from wood

BEGIN WORK

Well we went to work, bought a prairie plow for $20, broke forty acres of prairie and sowed some oats and spring wheat and planted corn on the sod The oats and spring wheat did not do well We've had to buy flour more than half the year at a high price The corn grew well and we should have made enough But alas! We had no fence and while we slept the cattle ate it and we had corn to buy at a high price

CROPS FAIL

That fall we sowed thirty acres of winter wheat, mostly well got in with a drill The seed cost $4 a bushel and was hauled four miles The crop looked very promising, although the winter and spring were very wet until it became to head, and lo' The biggest part was cheat What wheat there was the rust spoiled We did not get 150 bushels from the whole field, although it was all cut and saved, a poor crop but not worse than my neighbors We were about all alike We also had a nice little crop of spring wheat and oats which promised fine but the rust destroyed all We did not cut a straw

To cap the climax we sowed a fine crop of buckwheat which grew and filled as fine as I ever saw The wet weather of last fall suited it, and it was the best crop I ever saw We had it all cut, cured and put up in bundles ready to save, having had a week or two of fair weather which was an exception last year

But just as we were about to commence hauling the rain again set in and it continued to rain all fall and most of the winter and we lost nearly all, say 200 bushels This is a catalogue of disappointments, you will say, and this added to the sickly season which accompanied it with its attendant loss of time and expenses in our prostrated condition, was truly calculated, in a strange land, to depress our spirits

WITHOUT A DOLLAR

Our money had been long all gone and we were some $300 or $400 in debt, but although cast down, hope never forsook us, and although we have been for weeks and I may say for months without a dollar and did not know where to get one Yet I can say that my faith in God and his all protecting providence has never forsaken me for one moment, not in the darkest hour of our trials I new can say joyfully that my faith and trust have been more than realized, for looking back to those times of close trials often has it happened that some traveler would stop or something would turn up to throw a little means in our way just as we most needed it And though we often suffered anxiety as to how we should procure the necessaries of life, that is all We have never to my knowledge actually suffered for one day for any of the necessities of medicinal aid Our sickness has left and our lives are spared Our neighborhood is as healthy as any other that I know of and I should indeed be ungrateful if I did not give my God the glory

A happier era begins for the Benjamin Hockaday family the next year and their prosperity is almost as incredible as their misfortune in the beginning

(To Be Continued)

Hair Often Ruined By Careless Washing

Soap should be used very carefully if you want to keep your hair looking its best Many soaps and prepared shampoos contain too much free alkali This dries the scalp, makes the hair brittle and ruins it.

The best thing for steady use is Mulsified coconut oil shampoo, which is pure and greaseless and is better than anything else you can use

Two or three teaspoonfuls is sufficient to cleanse the hair and scalp thoroughly Simply moisten the hair with water and rub it in It makes an abundance of rich creamy lather, which rinses out easily removing every particle of dust dirt dandruff and excess oil The hair dries quickly and evenly and it leaves the scalp soft and the hair fine and silky, bright lustrous fluffy way and easy to manage

You can get Mulsified coconut oil shampoo at any drug store It is inexpensive and a few ounces will supply every member of the family for months

Keep the Children Well!

During these days many children are complaining of headache, feverishness, stomach troubles, and irregular bowels. If mothers only knew what

ALL WOMEN WHO WORK

Should Know how this Worker was Made Strong and Well by Lydia E. Pinkham's Vegetable Compound

Zahl, N Dak.—"I was nervous and weak and was not regular. I also had pains frequently. I was sickly for seven years and finally had a nervous break-down following an operation. I am a dressmaker and milliner, and a lady I work for told me of Lydia E. Pinkham's Vegetable Compound. I am taking it and it has made me well and able to do my work again. I have even helped take care of a sick neighbor recently, so you can see how fit I am. I highly praise your medicine and you may use my letter as you see fit. I hope it will help some other woman."—Mrs. OLE NORDLEIN, Box 23, Zahl, North Dakota

Over 121,000 women have so far replied to our question, "Have you received benefit from taking Lydia E. Pinkham's Vegetable Compound?" 98 per cent. of these replies answer "Yes."

This means that 98 out of every 100 women taking this medicine for ailments for which it is recommended are benefited by it. For sale by all druggists

New Treatment For Varicose or Swollen Veins

Swollen veins are dangerous and often burst. Sufferers are advised to get a two ounce, original bottle of Emerald Oil (full strength) at Quaker Drug Co., and start to reduce the veins and bunches at once.

Physicians recommend Emerald Oil as it is used in hospital practice and a small bottle will last a long time because it is very concentrated and a little goes a long way. Apply night and morning with a soft brush as directed until the swelling is reduced to normal. It is guaranteed.

So marvelously powerful is Emerald Oil that enlarged glands, veins and even goitre disappear when used steadily.

HOW I MADE MY MILLIONS

BY E. L. DOHENY

Oil Bid To Protect U. S. From Jap Attack, Oil Magnate Intimates

(This is the tenth chapter of "How I Made My Millions," by E. L. Doheny, oil millionaire and central figure of the Senate oil investigation.)
(Copyright 1924 NEA Service, Inc.)

BY E. L. DOHENY.

The motive which chiefly prompted me to make a bid for Naval Reserve No. 1 was my firm conviction that the conversion of our fleet from coal to oil burners had left our Pacific coast defenseless from enemy attack.

I had been approached by representatives of Japan who wanted to buy great quantities of oil. I refused to sell because I had become convinced that they were storing away immense quantities. For what? I could only conjecture.

These offers I reported to the Navy Department, and I was told that similar reports had been made by some young naval intelligence officers but that they had been thought to be exaggerations. The evidence that these reports were accurate was brought out tragically at the time of the earthquake. When vast amounts of oil stored underground added to the general havoc and prolonged for days the conflagration the earthquake started.

Because of the possibility of attack from the west, I wanted to see Pearl Harbor in the Hawaiian Islands made into a great naval oil base insuring the security of the country.

The oil for such a base would come most conveniently from Naval Reserve No. 1, in California. This I was convinced was being tapped by private interests who had adjacent claims. The way to save the oil first remained was to drill for it and secure it. Admiral Robeson, chief of the naval engineers, reached the same conclusions.

I was invited to put in a bid to do this—and I did it primarily because of my anxiety to see an adequate naval base established at Pearl Harbor.

Mine was the bid most favorable to the government and I was awarded the contract. There was nothing wrong in this procedure. The judge advocate general had ruled that it would be legal to lease the reserve.

Under the terms of the lease we agreed to construct at cost this oil base at Pearl Harbor, to be paid for by the government in royalty oil as produced. Yet this involved an outlay on our part of $9,000,000.

The first project of this undertaking has already been completed—tankage, docks, pipes, everything needed for the storage of 1,000,000 barrels of oil is ready. The second project for the storing of 2,750,000 barrels is seventy per cent completed. If President Coolidge accepts my offer I shall finish this project, paying the estimated $2,000,000 out of my own pocket, trusting my country to reimburse me once it understands the facts and realizes how necessary to the national safety are these Pearl Harbor projects.

The lease calls for the furnishing and filling of these tanks with oil. Moreover, for a period of fifteen years the Doheny company must maintain 5,000,000 barrels of oil in warehouses on the Atlantic coast and 1,000,000 barrels on the Pacific coast subject to navy orders. For fifteen years my company stands pledged to furnish any petro product the navy may need on the Pacific coast at ten per cent less than the market prices.

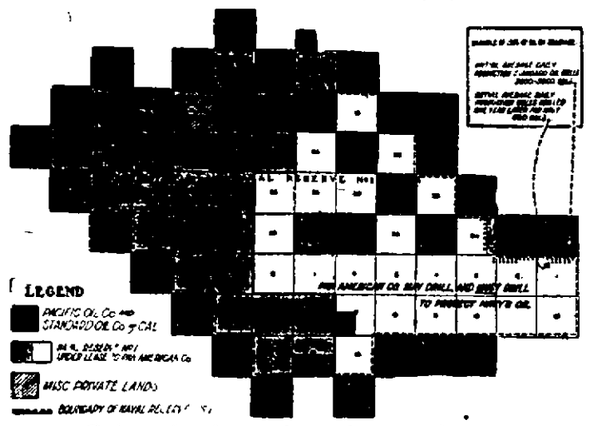

Royalties to the government vary from 12½ per cent to 35 depending on the flow. Up to date the royalties from my leases have averaged 32.3 per cent while those from Naval Reserve No. 1 were 17.1 per cent and those of Teapot Dome were 1.7.

When the first wells were sunk in the reserve I was greatly disappointed. For the first ten wells directly across the border, averaged 3,000 barrels a day and the second ten drilled by the same private interests averaged 25,000 barrels but our first ten on the Reserve averaged only 200 barrels.

The whole attack on these leases is inspired by politics. It never would have been magnified into scandal if this weren't a presidential year and some of the candidates found themselves without a political issue.

(In his next chapter Doheny will discuss "My Happiness")

DOHENY'S ARGUMENT

Each numbered square is a section one mile square

EACH NUMBERED SQUARE IS A SECTION ONE MILE SQUARE.

This map of Elk Hills Naval Reserve No. 1 in California, shows, according to E. L. Doheny, how the government reserve was being drained by private operation. The falling of production proved this drainage and made leasing necessary, Doheny contends.

MOWEAQUA HOME IS RANSACKED

Moweaqua April 10—On Saturday evening while the David Adamson family were away from home some sneak thief entered the house and upset all the dresser and side board drawers pulled mattresses from beds etc. Evidently some one was looking for money. Fortunately their search was in vain.

Misses Margaret and Laura Donaldson of Beecher City were here Monday to visit Miss Visino on their way to Detroit. Miss Donaldson taught in our school last winter.

Mrs. John Haslam Jr. has been supplying in the first grade until a teacher is chosen in Miss Plain's place.

Ingrown Toe Nail

Turns Out Itself

A noted authority says that a few drops of "Outgro" upon the skin surrounding the ingrowing nail reduces inflammation and pain and so toughens the tender, sensitive skin underneath the toe nail, that it can not penetrate the flesh, and the nail turns naturally outward almost over night.

"Outgro" is a harmless antiseptic manufactured for chiropodists. However, anyone can buy from the drug store a tiny bottle containing directions.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

Dr. Edwards' Olive Tablets are known by their olive color. 15c and 30c.

Mr. and Mrs. Dale Odell and son are spending the week in Champaign. They will return to their home in Colorado about May.

Mrs. Pricel Tuck who has been a guest of relatives and friends here for a month left Tuesday evening for Decatur and later went to her home in Benton, Michigan.

Mr. and Mrs. Glenn Gregory moved Tuesday into the home of Mr. and Mrs. Walter Humphrey Jr. vacated last week moved to the country.

Eleanor Stump daughter of Mr. and Mrs. Glenn Stump is quite ill with pneumonia at their home near Obed.

John Wade on arrived Tuesday with Ted Snyders car having driven it from Miami Florida. He brought it with him a bride and the Snyders entertained them Tuesday evening.

George Walrod of Clinton was here this week buying a load of horses which he shipped on Wednesday.

Mr. and Mrs. Wayne Stump have moved to a cottage on their farm near Obed, for the summer.

The Kings Heralds will meet Saturday with Helen Saurer. The assisting hostess is Della Wooters.

TUESDAY CLUB

Mrs. Earl Cheatham entertained the Tuesday club chatter and refreshments entertained.

Miss Mary Davis of Beecher City was here Monday.

Mrs. Cecil Hudson entertained in honor of her husbands birthday with a dinner on Tuesday evening. The guests were Mr. and Mrs. Holden Ayars and Miss Helen Day and Roy Snyder. A birthday cake was the center-piece.

Mrs. Tot Smith Weller is employed in Bement.

Carnine and Little of Sullivan of the Construction company are here and will begin work on the hard road at once.

Mrs. George Polly has been quite sick since Sunday.

BLAIR DEFENDS TEACHERS' RIGHTS

Springfield April 10—Delving into personal and private affairs of public school teachers is entirely out of place, Francis G. Blair said when informed of the action of the Mt. Vernon board of education in passing a resolution prohibiting teachers from playing cards.

"I do not think it proper for a board to attempt to exercise such sort of power." Mr. Blair said. "Just where the school board obtained authority to do this I do not know."

F. SCOTT M'BRIDE HEADS DRY WORKERS

Indianapolis, April 10—The Rev. F. Scoot McBride, Chicago, was elected general superintendent of the Anti-Saloon of America, at a meeting of the national board of directors here Wednesday night. Rev. McBride who at present is superintendent of the league in Illinois succeeds Dr. Purley A. Baker, who died last week at Westerville, Ohio.

DISTRIBUTE POPPIES FOR LEGION SALE

Bloomington April 10—Poppies to be sold by the American Legion and the American Legion Auxiliary on Poppy Days May 29 and 30, have been received at Legion headquarters here and are now being distributed to the various posts and units in the state, according to John J. Bulington commander of the legion.

BEGIN HERE TODAY

Sallie Peck, employe of the Fair Deal Five & Ten, quarrels with her policeman sweetheart, Michael Curtis. That night she goes into the yard to take down a washing for Ma Brennan, with whom Sallie lives. A crash shakes the earth and something strikes Sallie a blow on the [illegible]

When she regains consciousness the girl finds herself in strange surroundings. A French maid calls her Miss Copeland and Madame Copeland, a [illegible] rich [illegible] woman, claims her as her stepdaughter. Sallie discovers that she has fallen into the hands of crooks and is being substituted for the real Alva Copeland.

[illegible] diamond [illegible] Michael Curtis [illegible] Sallie [illegible]

NOW GO ON WITH THE STORY.

But when footsore and weary Mike returned to his friends [illegible] he had spent [illegible] the trains and [illegible] questioning guards and deck hands and taxi drivers at the New York terminals without result.

The newspapers had given a paragraph to the missing girl but Headquarters could report nothing except [illegible]

I'm [illegible] Miss Copeland [illegible] when I was [illegible]

[illegible]

Never [illegible] in the morning Mike replied [illegible]

[illegible]

and frightened but quite the lady and I give her my third floor front and made her as comfortable as I could, even giving her ink and writing paper which she asked for, though it ain't my rule.

She had a big tan leather grip with her and it seemed awful heavy but she didn't open it while I stood round. She'd a wad of bills wrapped in a handkerchief and stuck in her waist and she paid me a week's board in advance before I had time to ask for it and the two cents for the stamp I'd given her. Then she asked me where the nearest post-box was and I told her on the corner. All this while I didn't know her name nor think somehow to ask but she remembered first and said she was Alice Smith from Kingsville which I'd never heard of.

I had to leave her then cause the girl screeched up to me that there was a gentleman downstairs looking for board and I had two more rooms vacant. He was a kind of loud-looking young feller without any baggage and I didn't want to take him at first but he said his bags were checked and he'd bring 'em right over. I give him the second floor back and he paid me out of a big roll but even then I wasn't easy in my mind about him though he told me his name real prompt—Alex Brown it was.

I give him a [illegible] same as I had Miss Smith and then went down [illegible]

A CAREENING TAXI NEARLY BOWLED HIM OVER

[illegible] dinner and [illegible] wasn't till [illegible] the table long after dusk that I remember'd Miss Smith hadn't no soap nor towels to her stationary washstand. Up I goes with them but the door was locked and when she didn't answer my knock I opened it with my pass key. The room was empty and I see she must have gone out to mail her letter [illegible] there [illegible] on the table.

[illegible] gathered [illegible] in my hand when I come downstairs [illegible] the water cooler was [illegible] those pieces of paper [illegible] the next day [illegible] happened.

Mrs. [illegible] paused [illegible] Trevor [illegible] Mike.

Well, I set up most of the night, [illegible] being a stranger in the [illegible] When twelve o'clock come and no sign of her, I went up to her room to look [illegible] and see if I couldn't find some trace of her folks in case there'd been an accident and then I noticed that the big tan grip was [illegible] When I opened it [illegible] I found inside her another smaller bag of [illegible] leather [illegible] a little but much more expensive than the other, which was just a cover for it.

I seen right then that something was wrong and I took the little black traveling bag straight to my room—which is along the hall at the back—and opened that too. It was packed full of ladies' clothes and toilet articles and a big jar of cold cream all gouged out but nothing else, not a sign of a letter nor an address nor even an initial!

I put the black bag on the floor of my closet instead of taking it back because I thought I heard footsteps in the hall but when I opened my door no one was there. The same thing happened again long toward morning and I declare I never put in such a night!

The new Mr. Brown came down early to breakfast and was very pleasant. He went out right afterwards and about eleven o'clock a real stylish little private automobile drove up and the chauffeur got out—it was one of the closed kind—and rang the front-door bell, and the girl brought a note to me. Your friend has it, Mr. Trevor.

Silently Mike handed over a double sheet of pale blue paper and Trevor read.

Mike [illegible] Trevor [illegible] reception room [illegible] the detective [illegible] his head.

It's only a scratch [illegible] Mrs. Jennet [illegible] I tell Mr. Trevor the details of the story you just told me.

Mrs. Jennet bustled in and seated herself in the chair which Trevor [illegible] forward for her.

Well I must say I'm glad your [illegible] Of course I'd ought to have [illegible] to the police yesterday when I seen that article in the paper about [illegible] young lady being missing but I been running a respectable boarding house here for a good many years with never a word of scandal and I —I was afraid.

Do you mean the black haired young lady in the blue—" Trevor spoke in a puzzled tone but she cut in short with an energetic nod.

Yes. There's two or three old taxi fellers that used to be hansom drivers in the old days who hang around the river tunnels and if a fare looks all right to them and asks for a nice, quiet place to board they bring 'em to me. That's how the young lady come, last Thursday afternoon at half-past four. She was a stranger in the city and real tired

Gypsy Smith Believes Scriptures As Written

Large Crowd Continues at First Methodist—Says God Still Performs Miracles.

Declaring that he believes the Scriptures as they are written, Gypsy Simon Smith made a sweeping denial of the scientific view of the evolution of man and the creation of the world. He said, however, that if God was big enough to create Adam and Eve in the Garden of Eden, He was equally able to create two or other couples in other parts of the world.

It was thus he answered the difficult question of where Cain got his wife. His subject for the evening was "Answering Difficult Questions." Those propounded by modern scientists were the ones on which he spent the greater amount of time. [illegible] Tuesday evening [illegible] usually does, and it was all [illegible] is given by inspiration of God.

The crowd Wednesday evening was about the size of last week's [illegible]. There is a [illegible] of men in these audiences but [illegible] large number of young people [illegible] as one night except.

I BELIEVE IN GOD

"We live in a wonderful world, we see the beautiful things about us [illegible] is hard," said the preacher, "[illegible] some people say there is no God. I have known men who said there is no God with their mouths to be the first to cry out to God [illegible] when it looked as if we might go down. God help us. [illegible] that while their tongues deny God their hearts unconsciously recognize him. The fool hath said in his heart there is no God."

"Some of these people say they believe in Nature. I almost say, What is Nature but God?

"One preacher says: Now this is inspired and this is not. This was given of God and this was not. Many so-called maudlin thinkers say these things. I am saying nothing against thinking. We don't think enough. The people who have achieved things are those who think, who have dared to think and act, who have dared to be original."

BELIEVES STORIES

The story of Jonah and [illegible] the ass were spoken of particularly by Gypsy Smith as samples of the stories in which the imagination of the people is inclined to stick. Mr. Smith stated that he believes all these stories exactly as related by the old time chroniclers.

"When the Lord came to earth he [illegible] took pains to put the seal of truth upon these stories which are the hardest to believe. As an example, Christ said that as Jonah was in the whale for three days so will the Son of Man be in the earth.

"I blame modern thought [illegible] modern thought [illegible] the truth of the scriptures [illegible] because there are some things hard to understand and then I say, away with it. On the other hand I admire those who doubt when real thinking makes them doubt, for then real thinking will carry them farther."

A man said to him: "Do you believe the story of the ass speaking to Balaam?" "Yes," the preacher replies, "and it's being done right now. If God could give voices to men and could give some of them musical voices, don't you believe he could send his voice through a poor dumb brute?"

BARNUM RIGHT

"Barnum was right. The people like to be fooled. A man sold miracle wheat one and some people bought it. Yes, Barnum was right. Let your whiskers grow and wear a robe and you will have a following. Another comes along and founds a small city called Zion. He says the world is flat and a lot of flats believe it. There was another false prophet. She was a woman. I want to warn you people. O people, stick to the Word and you won't be led astray. What a pity to be led away by fables!

"As a lad not a member of my tribe could read or write, but God still performs miracles. On a visit to my uncle Cornelius Smith, the father of Gypsy Rodney Smith, I saw him take his Bible and read it aloud. I asked him how it happened that he had not been able to read before and he was about eighty years. 'At the time,' he said, 'I asked God to let me read and I would never read anything but the Bible.' And he could read.

"My [illegible] could [illegible] He was [illegible] better and no [illegible] then. But he was converted [illegible] convert. I have seen thousands moved by the preaching of this illiterate gypsy.

"I say people there must be something in the Bible, and if you believe it you won't go far wrong in living the life."

SINGS TWO SONGS

Gypsy Smith sang two songs of his own composition and repeated a poem he wrote. The songs were "The Promised Land" and "Where Roses Never Fade." The poem he wrote upon the death of a brother and a nephew in the World war.

A special evening has been arranged for Friday for all the young people "from nine months to ninety-nine years." He will use the subject "The Adventures of a Gypsy Boy."

"The Stories of a Far Country" is the subject for Thursday evening.

Dr. Smith asked all members of the First Methodist church who live in town to rise that he might ascertain the proportion of the crowd who are members of that church. Then he asked those from out of town and nearly 100 people stood to their feet. A large part of the audience remained seated.

A workers prayer meeting will be held at 6:30 Thursday evening.

Sweeter even than his singing and more noticeable than his preaching are Gypsy Smith's simple [illegible] prayers.

Visiting ministers on the platform Wednesday evening were Rev. J. F. Baldwin of Atwood and Rev. M. M. Marshall of Garrett.

Gypsy Smith Says:

"I have been besieged with requests to go here and there to talk. I am sorry I cannot accommodate these people but I have to save myself for these evening preaching services. They have an opportunity to hear me here every night.

"You have the power of choice. If I were to over persuade you [illegible] were on your city [illegible] you might come out here to the front and then we would see young [illegible]. No, you have the power of choice [illegible] must use it.

"Bring the other fellow. Of course it seems now there is no more room but we are going to get one hundred more chairs so bring him along.

"If I asked all the Christians here to stand I expose the one who is not a Christian to the test of you people. If I ask you to stand some may stand who are not and I will have caused them to act a lie.

"Some people [illegible] are said to have backslid. I say they have never frontslid. I would rather have one who made the choice himself than one hundred urged against their wills.

"Many people get out of their depth trying to interpret Revelations and Daniel. They seem to forget that they were visions and if it were not so serious it would be ludicrous to read some of their so-called interpretations."

FURGUSON IN HONG KONG

Colonel H. W. Ferguson has written friends from Hong Kong, China while on a Cook's tour of the world. The letter is dated March 4 and mailed from Hong Kong.

The Colonel reports that the trip continues to be better every day. He tells of a wonderful Japanese costume ball given on board which he states he enjoyed a great deal. He states that he enjoyed his sojourn in Japan greatly and that he believes the Japanese people are the most polite he has ever met. He also tells of his visits to Yokohama, Kamakura, Tokio, Osaka, Nikko, Kobe, Kyoto and Nara.

Dr. L. H. Miller, who has been confined to his home the last few days with an attack of the flu, has recovered sufficiently to be back at his office.

J. F. Gowin, former resident of this city, now located at Welch, Va., has written to friends. He states that he topped the list in the Gun club contest held there last week, with a score of twenty four out of a possible twenty-five. Mr. Gowin was a member of the Pana gun club while a resident of this city. He is connected with the East Side Packing company of East St. Louis.

Y. W. C. A. PLANS FOR HOLY WEEK

Noon Services to Be Held—to Have Exhibit.

Holy week will be observed in the Y. W. C. A. and short services of twenty minutes each will be held each noonday for that week. The services will begin promptly at 12 o'clock noon and close at 12:20. Programs will be made later.

PLAN EXHIBIT

An exhibit is being planned under the direction of the committee which will be shown in the religious school the night of April 29 in the First Presbyterian church.

This exhibit will include the best methods of doing the many kinds of Sunday school work. The best of literature and supplies will be on display. These supplies will be obtained from the publishing houses of the various denominations represented in Decatur.

Ideal Sunday school program, the dramatization of Bible stories, a pantomime of the World Fellowship work and a demonstration of hymns best suited for Sunday school will be shown. Handwork from church schools and the best pictures which may be used in these schools as well as methods used for gaining new recruits, class contest, honors and awards will be part of the display.

The display will be open to the public and representatives from all the Sunday schools in the county will be invited to attend it.

Quick Relief for Rheumatics

Local Druggists Sell Rheuma On Money-Back Plan.

If you suffer from torturing rheumatic pains, swollen, twisted joints and suffer intensely because your system is full of uric acid, that dangerous poison that makes thousands helpless and kills thousands years before their time, then you need Rheuma and need it now.

Start taking it today. In 24 hours it will begin to act on kidneys, liver, stomach and blood and you can sincerely exclaim, "Good riddance to bad rubbish."

Many people, the most skeptical of skeptics right in this city and in the country hereabouts, bless the day when Decatur Drug Co. and other good druggists offered Rheuma to the afflicted at a small price and guaranteed money refunded if not satisfied. If you have rheumatism get a bottle of Rheuma today.

WOMEN NEED SWAMP-ROOT

Thousands of women have kidney and bladder trouble and never suspect it.

Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

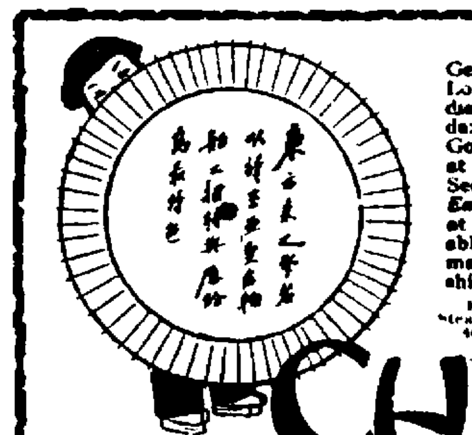

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

Pain in the back, headache, loss of ambition, nervousness, are often times symptoms of kidney trouble.

Don't delay starting treatment. Dr. Kilmer's Swamp-Root, a physician's prescription, obtained at any drug store, may be just the remedy needed to overcome such conditions.

Get a medium or large size bottle immediately from any drug store.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.

Get to know the Orient. Lovely little Peking ladies. Limousines of mandarins! Camels from the Gobi Desert! Rickshas at a dollar a day!.... See China. Go on an Empress liner in luxury at surprisingly reasonable cost. Further information from local steamship agents or

FRECKLE-FACE

Sun and Wind Bring Out Ugly Spots. How to Remove Easily

Here's a chance, Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable concern that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of Othine—double strength—from any druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength Othine as this strength is sold under guarantee of money back if it fails to remove freckles.

Blackheads Go Quick By This Simple Method

Blackheads—big ones or little ones—soft ones or hard ones—on any part of the body go quick by a simple method that just dissolves them. To do this get about two ounces of calonite powder from your druggist—sprinkle a little on a hot wet cloth—rub over the blackheads briskly for a few seconds—and wash off. You'll wonder where the blackheads have gone. Pinching and squeezing blackheads only open the pores of the skin and leave them large and unsightly—while the simple application of calonite powder and the water dissolve them right out leaving the skin soft and the pores in their natural condition.

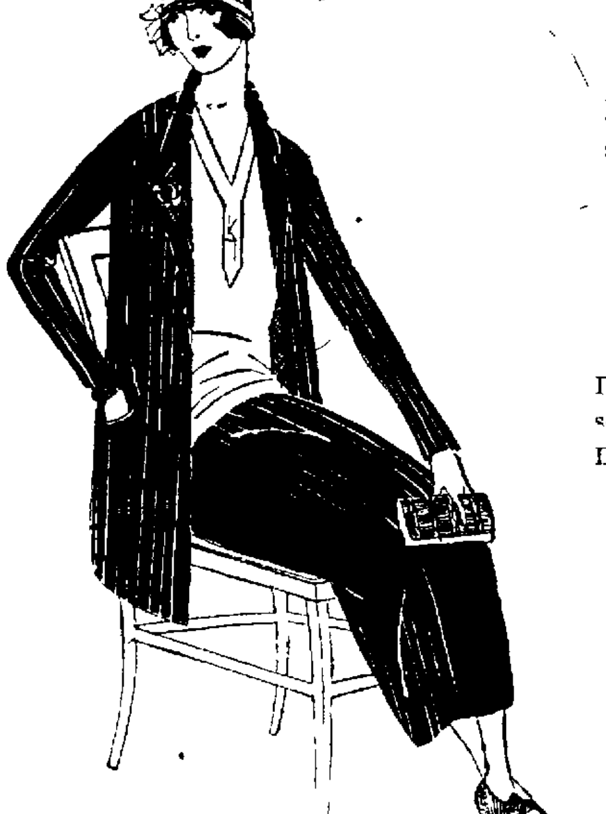

Child-birth

HOW thousands of women, by the simple method of an eminent physician, have avoided unnecessary misery through many months and up to the moment Baby has arrived, is fully explained in the remarkable book "Motherhood and the Baby." Tells also what to do before and after baby comes, probable date of birth, baby rules, etc., and about "Mother's Friend," used by three generations of mothers, and sold in all drug stores everywhere. "Mother's Friend" is applied externally, is safe, free from narcotics, permits quiet natural readjustment of muscles and nerves during expectancy and childbirth. Start using it today. Mrs. E. Kerger, Slayton, Minn., says: "It pulled me through." Send for book today, to Bradfield Regulator Co., BA 76, Atlanta, Ga. Mother's Friend is sold at all drug stores.

(A daily menu for the stout and thin)

EAT AND—

Lose Weight — Gain Weight

One baked apple, 1 two-inch square of lean broiled ham, vegetable salad (¹ cupful), 6 baked oysters, 1 small baked potato, 1 cup shredded cabbage, 1 whole medium sized parsnip steamed or boiled, 2 tablespoons stewed rhubarb, 1 bran muffin, 1 gluten roll, 2 pieces crisp whole wheat toast, 1 pint skimmed milk.

Total calories 1039. Protein, 223, fat 27.1, carbohydrate, 595. Iron, 0198 gram.

The vegetable salad combines most vegetables with the exception of canned peas, potatoes or corn. One tablespoon each of string beans, asparagus, carrots, beets, cauliflower, diced celery and shredded green pepper combined with lemon juice and a dash of onion juice makes an appetizing mixture. Minced chives can take the place of the onion juice. The vegetables should be served on a bed of lettuce hearts or shredded leaf lettuuce.

The rhubarb is suggested as a sort of dessert for dinner.

Two baked apples with 4 tablespoons maple sirup and ½ cup cream, 1 cup cooked wheat cereal, 1 four-inch square broiled ham, 4 tablespoons hot potato salad, ½ head lettuce with Thousand Island dressing, 1 cup cream of corn soup, 6 baked oysters with 6 tablespoons cream, 1 large twice baked potato, 1 cup shredded cabbage, 1 whole parsnip with 2 tablespoons butter, 2 halves candied sweet potato, 4 tablespoons maple puff pudding with 2 tablespoons whipped cream, 2 tablespoons stewed rhubarb, 1 large piece sponge cake, 2 bran muffins, 2 pieces whole wheat toast, 2 dinner rolls, 1 pint whole milk, 4 tablespoons butter.

Total calories 4152. Protein 512, fat, 1787, carbohydrate, 1857. Iron 0177 gram.

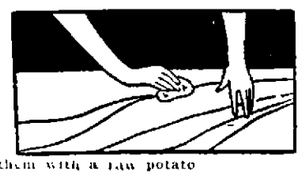

The baked apples and cereal can be combined making a delicious breakfast dish. Maple sirup instead of sugar will be a delightful change.

The oysters for both the menus are prepared practically the same. The cream is heated and poured over the toast for this menu after the oysters are removed from the oven. Plenty of butter is used on the toast. (Copyright, 1924, NEA Service Inc.)

Household Suggestions

Mud Stains.

Remove mud stains by rubbing them with a raw potato.

Baked Potatoes.

Instead of just plain baked potatoes try this. After baking scoop out the center, add grated cheese and paprika and a little cream if you like and put back into the oven for a little longer.

Piano Polish.

You can make an excellent polish for the piano by shaking together equal parts of sweet oil, turpentine, vinegar and a very little naphtha. It is best applied with a silk cloth.

White Meat.

When roasting a chicken or turkey place it breast down in the roasting pan and the white meat will be much better.

Flowers.

Always use a tall slender vase for flowers with tall stiff stems such as jonquils, lilies and narcissi.

QUEEN MARIE IN TRIBUNE CONTEST

Chicago, April 10.—Queen Marie of Roumania is among the contestants who have submitted names for a new magazine to be founded by the owners of the Chicago Tribune and the New York Daily News.

MRS. JOS. WILSON DIES IN ALTAMONT

Altamont, April 10.—Mrs. Joseph Wilson died at the family home in this city Tuesday evening at the age of sixty two years. About six weeks ago she contracted the flu, which later developed into pneumonia which caused her death. She had lived in this community practically all her life. She leaves her husband three daughters, Mrs. Bertha Smith of Saint Elmo, Mrs. Sylvia Wiseman of Pittsburg, Pa., Mrs. Emma Marquis of Los Angeles, Cal., Miss Dollie Wilson at home who is editor of the Altamont News of this city and one son, Charles at home. Funeral services will be conducted from the home on Thursday afternoon at 2:30 by Rev. A. R. Brown of Terre Haute, Ind. with interment in Union cemetery.

BELTLESS FROCK

This straight, beltless frock of white flannel is sparingly but effectively embellished with black embroidery. Three wide folds of the material make an interesting hemline and a black satin ribbon is used about the neck.

Evening Gown.

Finely pleated pink chiffon is arranged over a foundation of silver cloth and makes a charming evening gown.

Black Satin.

The black satin frock is featured at all the French openings usually with a collar and cuffs and possibly a vestee of white.

From Paris.

A smart frock from Paris consists of a flounced frock and a coat with a flounce on the hem of the jacket that gives the effect of a double-flounced one-piece costume.

Bustle.

There is a tendency on the part of some Parisian designers to revive the bustle, and large bows of taffeta are used below the waistline in the back on taffeta frocks.

TO P. T. MEETING NEXT TUESDAY

Decatur To Have Many Delegates in Springfield.

Each school in Decatur is privileged to send three delegates to the Illinois Council of Parent-Teachers Associations which will be held in Springfield Tuesday, Wednesday and Thursday of next week. Several of the schools have decided to send only one or two delegates, thereby paying the greater portion of their expense instead of sending the three and purchasing the banquet ticket for each. The majority of delegates are planning to take the Wabash train leaving Decatur at 9:50 Tuesday morning and returning Thursday evening at 10:25. It is urged that attention be paid the fact that the women should purchase only a one way ticket and receive a certificate which may be presented the ticket agent in Springfield who will give a half-fare rate on it. It is probable that some of the women may drive to Springfield if the weather permits and others may go on the tractor.

Decatur will have three representatives at the board meeting Tuesday afternoon at 1:30, they being Mrs. C. E. Tull's, who is running for re-election as regional director, Mrs. J. P. Drennan, who is running for recording secretary and Mrs. A. T. Mills.

RUSH HUGHES AND MARION HARRIS WED

New York, April 10.—Rupert Hughes, writer and motion picture director, today confirmed the report that his son, Rush Hughes, had married Miss Marion Harris, singer.

Sure Way to Get Rid of Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. Then you destroy it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning, most, if not all, of your dandruff will be gone, and two or three more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store and four ounces is all you will need. This simple remedy has never been known to fail.

A PUZZLE A DAY

In checkers, there are twelve counters to each player. Before a game, one man challenged his opponent to set his twelve checkers on the table in three rows and in such a manner that there would be an equal number of checkers in each row, crossways and up and down.

In the drawing there are four checkers in each cross row, but only three in each vertical row.

How was the feat accomplished?

Yesterday's answer:

"The prisoner walked and talked half an hour after he was hung." By simply inserting a semi-colon, the whole meaning of the sentence is changed.

"The prisoner walked and talked; half an hour after he was hung." The semi-colon has the effect of forming two separate sentences.

ADVENTURES OF THE TWINS

by Olive Roberts Barton

The Dissatisfied Frog

"What do you want to do, Mister Discontent?"

"Oh, dear!" croaked the green frog, puffing out his cotton sides until his tissue-paper skin nearly burst. "I do wish something would happen! They call this place Doofunny Land, but nobody ever does anything and it's never funny!"

"What do you want to do, Mister Discontent?" asked Hinky Dinky between nods, for his head never stopped its bobbing up and down night or day.

"Humph!" croaked the green frog. "It's all right for you to call me Mister Discontent, for you can be happy anywhere. You weren't made to swim and sit in the sun on a wet log, and catch flies, and watch the moon and fireflies on summer nights."

"Well, neither were you, dear sir," nodded Hinky Dinky. "Your first swim would be your last. Your fine green tissue-paper skin would peel off you like the outside of a boiled beet and your white cotton flesh would get as water-soaked as a sponge. And your wire toes would get rusty and your—"

"Oh stop, stop!" croaked the frog. "They call me a croaker, but what are you, Mister Hinky Dinky? I never heard such dismal words in all my life."

"There! There!" cried the little man. "I only meant it kindly. I just wanted to show you that you are better off as you are."

"I do try," croaked the frog, "but one day I fell out of the window and I saw how real frogs lived. Happy was no name! They dived and splashed and blinked and croaked and swam races and played leap frog, and all I could do was to sit there and watch. That was when I decided to run away and so I came to Doofunny Land."

"The real frogs have their troubles, too," nodded Hinky Dink. "You'd never guess how much trouble they have."

"I don't believe it," declared the paper frog. "I don't believe it."

Nancy and Nick and Mister Fuzz Wuzz heard this conversation and poor dear Mister Fuzz Wuzz was worried. "I do hate to have folks unhappy," he said. "I do wish I could do something."

Suddenly Silver Wings appeared on a flower. "I am going to give the froggie his wish," she said. "The Fairy Queen heard him and sent me to weave a charm.

"Pollywogs, froggies and lizards and eels,
Turn a somersault backward and see how it feels."

With that the frog gave a backward spring and sat grinning and blinking his googily eyes, too happy for anything. "Why, now I am a real frog," he boomed in a new deep voice. "And I feel gorgeous. Goodby, people."

With that he hopped off down the road and disappeared in a hole in a hill.

"We shall see what happens now," said Silver Wings. "All his life Mister Frog has lived in a safe place and been taken care of. Now he must look out for himself in the world where he has gone."

"Well, he has gone now," said Mister Fuzz Wuzz, "and I should like to know what happens to him."

"Nancy and Nick, you can go any where in your magic shoes. Follow the paper frog out into the world and keep an eye on him."

HEALTH SERMONS TO OPEN WEEK

Full Program Arranged for Illinois.

Springfield, April 10.—Health sermons in churches, Sunday schools and other public meetings will open Health Promotion and Safety Week which will be held by proclamation of Governor Small, April 20 to 26, according to the plans of Dr. Isaac D. Rawlings, director of the state department of public health.

Dr. Rawlings has outlined a program for the week each day of which will be taken up with discussions on the different phases of health. The program, prepared by him, follows:

OPENS WEEK.

"Sunday, April 20—Health sermons and talks commending the health week program.

"Monday, April 21 — Diphtheria eradication day. Every community should launch a vigorous campaign through which the public may know that diphtheria is entirely unnecessary and can be prevented.

"Tuesday, April 22—Dental hygiene day. Every person in the community, particularly young folks and children are encouraged to have their teeth examined. Dental societies frequently assist in such campaigns by offering to give the examinations free during the one or more days.

BETTER BABY DAY.

"Wednesday, April 23—Better baby conference and birth registration day. Both of these activities, to prove successful, must be planned well in advance. Personnel must be chosen, publicity carried out, quarters secured and equipment arranged for the conference. Plans, suggestions and assistance may be had from the state department of public health.

"Thursday, April 24—Physical examination day—Eminent physicians and health authorities on every hand declare that periodic physical or health examinations to be a most practical and fruitful means for promoting health and longevity and preventing disease.

SCHOOL HEALTH DAY.

"Friday, April 25—School health day. Special programs are recommended for the schools. These may consist of health playlets, contests in health making posters or compositions, health talks by school nurse, a physician or other suitable person, the showing of health motion pictures, a health pageant or similar program.

"Saturday, April 26—Milk for health. Milk or better diet day. Emphasis should be laid upon safety as well as upon sufficiency of milk. Balanced diet campaigns should be inaugurated with 'Plant a Garden' as the campaign slogan."

Weary Women Election Clerks At Taylorville "Off of It" Forever.

Taylorville, April 10—After fifteen and one-half hours of vote counting, three tired women and two men in the third ward went home at noon Wednesday to rest up.

Following Tuesday's election the women clerks in this city announced that they were through with elections from now on.

The judges in the third were Mrs. Eurene Davis, C. W. Michener and Walter Hord, while the clerks were Mrs. Homer Brents and Mrs. Laura B. Evans.

SHOWER IS GIVEN AT MECHANICSBURG

Mechanicsburg, April 10—The Circle Girls gave a shower for Mrs. Helen Hanson Sauers Saturday afternoon. Refreshments were served. A mock wedding was performed and the bride received many nice gifts. Thirty were present.

Miss Pauline Gragg and Paul Hagaman spent the week end in Champaign with Mr. and Mrs. E. Duey.

Mrs. Catherine Rogers spent Sunday in Illiopolis.

Miss Lillian Veatch and Henry Woodcock spent Sunday afternoon with Mr. and Mrs. Charles Thompson, near Buffalo.

Miss Ollie Hampton and Mrs. John Kelley entertained at the former's home a number of the club girls. A two course luncheon was served.

The Woman's club met Tuesday afternoon with the following program: Roll Call, Current Events, "Woman's Place in Politics", Mrs. Lewis Bird; "How to Register", Mrs. Garren; "Primaries and Why They Are Important to You", "How the President is Elected", Mrs. C. M. Young; Voters Drill, Mrs. John Fullenwider.

Mr. and Mrs. George Nelch and son Robbie, Mr. and Mrs. W. R. Wilson of Springfield called on relatives here Sunday evening.

Mr. and Mrs. Albert Byrline are parents of a baby boy born Sunday, April 6.

Word was received from Detroit, Mich. from a baby boy, born Sunday April 7. Mrs. Ross is at the home of her parents, Mr. and Mrs. Deyo. Mrs. Ross will be home in a few weeks.

A number from here attended the funeral of Mrs. Harriet O'Conor at Buffalo Monday afternoon.

Mrs. George Barrington and son Edward of Springfield spent the week end with Robert Short and family.

Long Hitting Drill For Commie Players

Six Hurlers and Three Catchers Given Work Wednesday—Swenson Looks Good.

BY HOWARD V. MILLARD.

With Rigsby, Ping and Connaghan doing the receiving and Semler, Hoffman, Wasem, Vondreshhek, Davis and Wells throwing the horsehide, the Commies were given plenty of batting practice Wednesday afternoon at Staley Field.

Jim Sullivan, Jack Kotselnick and Fort were not sent to the mound by Manager Irelan while Bernard Sutter, the young Peoria flinger was not able to report for the drill. The youngster has found the training grind pretty stiff and has not been feeling any too good the last few days.

With the pitchers under orders not to put anything on the ball and it was impossible to judge the real hitting strength of the men for all of them were galloping Mr. Spalding at a fast clip during the work.

FAST INFIELD DRILL.

Shaner, Kelliher, Irelan and Rigsby were getting some beautiful drives while Swenson and Walsh the infielders also attracted the attention of the fans by their work with the stick.

Following the hitting practice an infield session was staged with Swenson on third, Brant and Walsh at Walsh at short, McCollister on second and and Mickey Kelliher on the initial corner.

Swenson looked mighty good around the hot corner in his first workout yesterday and is sure to at least divide the work with Manager Irelan in the exhibition games which start Saturday. Irelan is going to give the youngster every chance in the world to make good for he considers him a fine looking prospect.

ONE UNCERTAINTY

There appears to be but uncertainty on the club at this time and that is the makeup of the outfield. Calhoun and Shaner are sure of two places but the centerfield berth is likely to be in doubt up to the time the Three Eye race opens.

The infield, catching and hurling departments looks like the goods even at this early date. Manager Irelan is sure to open the season with at least six good hurlers or about four more than graced the Commie staff when the get away was made in the 1923 campaign.

TO CUT DOWN MONDAY.

In all probability Manager Irelan will not pass out any blue slips until Monday or following the two games with the Kalamazoo club this week-end.

Another recruit will not be able to join the club this spring and this time it is a flinger—Jerome Veleta of Chicago. The Chicago boy's father died a few days ago and as he will be the sole support of his mother has asked to be excused from reporting at this time. He will probably keep his position in Chicago and play Saturday and Sunday baseball in order to be near his mother. The boy can certainly be commended for taking such a stand for he was anxious to break into organized ball.

NOTRE DAME NINE STARTS FOR SOUTH

Notre Dame, Ind., April 10—The Notre Dame basketball squad, headed by Coach George Keogan, left here Thursday morning on its ten-day Spring training trip into the South. The Irish nine will meet Georgia Tech at Atlanta Friday and Saturday. Games with Transylvania, Carson, Newman, Tennessee, Kentucky, Centre and St. Xavier follow. The following men make the trip:

McGivney, Strange, McGrath, Dwyer and Dauss, pitchers; Cerney and Sitver, catchers; Nolan, Ash, Capt. Sheehan, Pierson and Vergava, infielders; Reese, Bergman, Farrell and Dunne, outfielders, and Student Manager Tom Walsh.

CHARLEY HOLLOCHER MAY BE WITH CUBS

Rumor in St. Louis Says He Will Meet Prexy Veeck Tuesday.

St. Louis, Mo., April 10—Charlie Hollocher is likely to come to an agreement with the management of the Chicago National league team when the Cubs meet the Cardinals here next Tuesday in the opening game of the 1924 season, it was rumored here Wednesday in baseball circle.

Hollocher, who was the team's regular shortstop, has been a holdout because of a difference of opinion regarding the payment of his salary during the balance of the 1923 season, during which he left the team on account of illness.

It has been reported that he was offered a two year contract, but declined to sign until an agreement had been reached regarding his claim for back salary.

Racing Notes.

By R. J. ROYLAN.

Gene Leigh, trainer of the French champion, Epinard, is enthusiastic over the arrangement to race three times in this country next fall, and says that nothing but sickness or an accident will prevent Epinard from winning at Belmont, Aqueduct and Latonia.

Leigh, in coming to this country, is coming back home. As a boy he lived opposite North St. Louis on the Illinois side and has many friends around St. Louis who remember him as an owner and trainer on local tracks. He has had wonderful success as a trainer in France, the culminating feature being his management of Epinard.

The Idle Hour Farm horses that raced at New Orleans were kept there until yesterday, when they were shipped to Lexington. Col. Bradley will race them at Lexington and will also start some of the horses that are on the farm at that meeting. Two of his Derby candidates, Beau Butler and Better and Better, are in excellent condition and are regarded as sure starters.

The big event at Tia Juana next Sunday will be the race for the Tia Juana cup at two miles, with $10,000 added. With Exterminator on his way to Maryland, Eunstar and Osprey not entered, Cherry Tree is the only one left of the four that finished in the first division of the Coffroth Handicap. As Cherry Tree came with a great rush at the end of that race, to be beaten a few inches at the end, he should have an easy time winning the longer race.

When Enchantress, the dam of In Memoriam, died two weeks ago at the farm of Col. Phil T. Chinn, near Lexington, she left a young colt by Peter Pan that was given to another horse to raise. Now the colt is dead. Three days before Enchantress died she and her foal were priced to a prospective buyer at $40,000 and negotiations for her sale were in progress when she died.

Horsemen attending the races at Bowie agree that in Sombre J. S. Cosden has a wonderful filly. She has started once and won as she pleased. This afternoon she is to start in the first race at Bowie and, unless the Bowie racehorse men are all wrong, she should win easily. Sombre was bred by "Uncle Billy" Garth, trainer for the Cosden stable.

An accident marred the running of the sixth race at Bowie Wednesday and Kilhowie, owned by W. V. Casey, was killed as the result of bolting into the fence. Kilhowie won last week at Bowie at odds of 20 to 1 and was well backed yesterday to repeat. In the same race Don Julian unseated his rider.

BAIT FOR BUGS

By H. V. Millard

Only two more days and then the fans can see those Commies in action under fire. Marty Becker and his Kalamazoo club of the Michigan-Ontario League is to be the attraction Saturday and Sunday and at least two players will be recalled by Decatur fans. Bubser, first sacker with Rockford in 1922 and Pierce, the catcher who performed with both Terre Haute and Peoria are the ones in question.

Bubser had a good year with the Kalamazoo club last season leading the first sackers of the circuit with a fielding average of .992 in 131 ball games. His hitting average was only .279.

Owing to the fact manager Irelan doesn't care to run any chances with his pitchers performing at infield or outfield posts he has not staged any games between the Regulars and Yannigans. He hasn't enough men on the squad for it, hence the only games the fans will see before the season opens are the exhibition tilts.

Shaner had a great time yesterday after taking his turn at the bat. The tall boy would cavort at first while Kelliher was up to hit while second base was his place when McCollister was taking his three blows. The big fellow resembled Jiminez around second. Decatur fans well remember the Cuban infielder here several years ago.

Joe McGinnity didn't make any mistake when he was boosting young Swenson to Prexy Wylie. The former Rock Island star in the Mississippi Valley loop looks just as Joe described him. He has nice size, takes a mean cut at the ball, fields cleanly and has a good wing.

Irelan had to tell Little Mac to take his time yesterday in the infield workout for McCollister was coming in like a shot on the balls hit on the grass and toward first. The kid sure has the old pepper.

Today the athletes went out to the park at eleven bells and were to receive much of the same dose as dished out Wednesday. The hurlers will not cut loose any until the exhibition games and then they will be very careful of their arms.

Boosters for the Chicago Cubs will be pulling for Charley Hollocher to join the team when it arrives at St. Louis. It hasn't been so many years ago that the Bloomington officials wouldn't pay Charley's railroad fare from St. Louis to Bloomington for a trial. That was when Ray Schmandt was with the Bloomers. The youngster went to Keokuk in the Central League and started on a ride for the big show.

The Danville fans are so enthused over Forrest Cady, the former Boston Red Sox receiver that they are wondering if it is true that the big fellow is to remain with the club. Watch your step Mr. Wright.

Dick Breen has started to shape up his Peoria infield for the games with Dan O'Leary's Flint club this week end. Walters is on first, Speraw at third, Stebins and Kingston at short, Brannigan and Zilenziger at second. Catchers McDonnell and Butch Sengstock are doing the receiving with Swanson and Schultz in the gardens. Al Platte is going to have a battle for a job this season but the chances are Al will be there when the gong rings.

The Washington university tennis team which meets Millikin here May 3 is to have a heavy schedule this season. Here is the way it looks:

April 19—O'Fallon Park at O'Fallon.
April 22—Freshmen at Washington.
April 26—Alumni at Washington.
April 29—Drake at Des Moines.
April 30—Iowa State at Ames.
May 3—Millikin at Decatur.
May 6—Missouri at Washington.
May 10—Missouri at Columbia.
May 12—Kansas at Lawrence.
May 13—Washburn at Topeka.
May 14—Kansas Aggies at Manhattan.
May 16—Iowa State at Washington.
May 19—Kansas at Washington.
May 21—Triple A Club at Triple A.
May 23 and 24—Missouri Valley conference at Lincoln, Neb.

Art Metzler of Decatur, after winning his first three games in the 1923 tournament at Chicago dropped a pair to Annaden 200 to 95 in 44 innings and to Worth 200 to 185 in 58 innings. If he can win a pair of matches today he will get into the finals.

Besides his win over Whale which was reported Wednesday he defeated Gondo of Chicago 200 to 137 in 53 innings with two runs of 24. Sullivan of Aurora was also bested by the local player 200 to 156 in 58 innings.

The Buffalo baseball team has been organized for the season and Manager Fred Krause is looking for games. He can be reached by calling 62 R at Buffalo, Ill.

All Southern League baseball players will be numbered this season but none of the athletes will have to wear the jinx No.

Eddie Wright of Danville staged his first game of the season Tuesday and the Goofs defeated the Regulars 6 to 3. According to the Commercial News the players were out for five hours.

The University of Illinois baseball team shoves off on its southern trip Friday night the first game being scheduled for Oxford, Miss., Saturday. Jack Bell, sports editor of the Champaign News-Gazette is making the trip with them.

MILTON FORSYTH TO LEAD CAGERS

Mt. Vernon Boy Honored By 1923-24 Tossers.

Milton Forsyth of Mt. Vernon, running guard on the Millikin basketball team for the last two years has been named captain of the 1924-25 team.

Forsyth received his early basketball training at Mt. Vernon High school under the coaching of Floyd Staples a former J. M. U. forward. While playing with Mt. Vernon that team won the state title in the finals at Illinois U.

The new captain has always been a scrapper while performing at Millikin and has come through with some mighty fine basketball in the hard wood campaigns.

The new leader is a member of the Kappa Delta Chi fraternity and popular among all the students at the blue and white school where he is a junior.

ST. LOUIS CLUBS HANDED DEFEATS

Minor League Teams Upset Browns-Cards.

[By The Associated Press].

Two minor league baseball clubs jumped on the two St. Louis major league clubs with both feet Wednesday at southern training camps, proving that it is not always the majestic majors that win. Atlanta of the Southern Association trounced the Cardinals, 9 to 4, while Tulsa of the Western League was battling to a 5 to 4 victory over the Browns.

The Cardinals just could not get their eye on the ball and three of their runs were due to errors of the Southerners. If rain had stayed away longer they might have come back, but the game was called in the seventh.

RABBITT STARS.

In the remaining exhibition contests between major league clubs, the American and National league broke even—each winning two games. The New York Yanks trounced the Brooklyn Nationals and the Chicago White Sox defeated the New York Giants in an extra inning affair.

Joe Rabbitt aided the White Sox by driving in the run which knotted the count in the seventh frame and then crossing the plate with the winning score in the tenth. He is the same outfielder who has been causing acting Manager Byers considerable worry. Byers appeared to feel that while Rabbitt was good, he had older and more experienced outgardeners, but the performance Wednesday may have a decided influence on any decision affecting the White Sox recruit.

BENTON IN FORM.

The two National League clubs to win—Cincinnati and Boston—defeated Detroit and Washington, respectively.

Rube Benton, who pitched against Detroit Wednesday and held them to five hits, was the first Cincinnati hurler to go nine innings this season.

The Cleveland Indians take their final workout in the south today, leaving tonight for the north. They will stop at Tuscaloosa for a game with the University of Alabama.

The New York Yankees and St. Louis Cardinals are after Jack Blott, catcher, after he graduates in June, according to word received from his home in Girard, Ohio, today.

BABE RUTH SULKS.

Babe Ruth's feat of striking out three times and giving an exhibition of sulks featured the game between the Yanks and the Dodgers.

Rain again today threatened to cause postponement of the inter-city exhibition series at Philadelphia. Each team has won one game in the series so far.

Wet grounds Wednesday caused cancellation of the Boston Americans game with Louisville at that city.

SECOND BLOCK TO HOPPE 500 TO 16

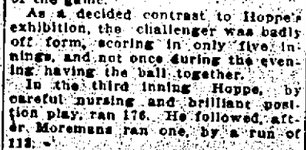

Champ Now Leads Horemans 1,000 to 440.

New York, April 10—Stroking with perfect precision and accuracy Willie Hoppe, world 18.2 balkline champion, assumed a commanding lead over the Belgian challenger Edouard Horemans Wednesday night by winning the second block of the title match, 500 to 16 in eleven innings. The champion now has a lead of 1,000 to 440 with but one more block to play.

Hoppe's victory was one of the most outstanding feats in the history of the game.

As a decided contrast to Hoppe's exhibition, the challenger was badly off form, scoring in only five innings, and not once during the evening having the ball together.

In the third inning Hoppe, by careful nursing and brilliant position play, ran 176. He followed after Horemans ran one, by a run of 113.

BENNY SEEKS WORTHY FOE

Leonard, Inactive, Worries Over Lightweight Situation.

BY FAIR PLAY.
Copyright, 1924.

New York, April 10—Light weight situation still unchanged. Benny Leonard searching the horizon for an opponent whose promise of at least putting up a fairly interesting fight for the title, sees not a ray of hope.

The champion is beginning to be a little worried. He occupies the reverse angle of a situation such as, for instance, confronts McTigue, who has too many able aspirants for the crown he wears. Lew Tendler has been quiescent of late after a preliminary flare in which it was expected he would work up a great deal of interest in his claims.

NEEDS ANOTHER YEAR.

Nate Goldman, it would seem, needs at least another year of development. The one hope in fact comes from Chile—Vicentino. If Luis can beat up Pal Moran good and proper, then a little Battle of the Century will be at hand. And somehow there is the feeling that Vicentino will do just this thing.

SEPP TO BATTLE FORMER CHAMPION

Johnny Meyers Coming for Bout April 22.

The best feature of the Sepp-Kammerman match Wednesday night was the announcement that the local grappler will meet Johnny Meyers, former worlds champion, here April 22.

Only a handful of fans turned out to see the local wrestler in his last match before meeting Joe Parelli worlds champion at Chicago Friday night. Kammerman, the Forrest wrestler was not well enough known as a mat artist and from the way Sepp disposed of him the fans were justified in staying shy of the match.

GROFF IS ABSENT.

Groff the Champaign boy who was to meet Dorve Roche failed to put in an appearance and a husky colored boy going under the name of Stargler Lang was substituted. He appeared with plenty of oil on his back and arms but after having it removed Roche tossed him in one minute for the first fall with a body scissors and then put him down with a toe hold in six minutes.

EASY FOR SEPP.

The main go required but thirteen and eight minutes to be decided. Sepp winning the first fall with a body scissors and the second with a leg split. It proved little less than a work out for Sepp before the Parelli match.

Lewis Robb and Jimmy Dale went 30 minutes to a draw while Gil Roderick bested Young Smith with a head scissors after 12 minutes of wrestling in the first bout of the evening.

Billy Love acted as announcer for the show while the Moose quartet furnished the music.

Goes to Bloomers.

PHIL COLLINS.

The Bloomer pennant chances were given a big lift yesterday when the Chicago Cubs decided to send Phil Collins, star of the Rockford staff last season to the Evergreen City for another year of seasoning.

Decatur fans rated Collins as one of the best flingers in the circuit last year and his 18 wins and seven defeats played a big part in the success of the Rox.

With Mels, Bird and Collins listed Manager Pat Harkins has the makings of a real hurling staff.

Only Three Clubs In Running This Season

For National League Flag—Foster Sees Giants, Pirates or Reds as Champions.

BY JOHN B. FOSTER.
(Copyright, 1924.)

New York, April 10—New York, Pittsburgh, Cincinnati—somewhere in that trio, according to all the signs, lies the national league champion of 1924. The fight in 1924 should be much like that in 1923, certainly so far as the lower half of the league is concerned.

The Giants, league champions of last season, may have had in the past players who were more to their manager's liking in the spring. They may have had harder batters. Certainly they have had stronger pitching squads. But still the club has elements of strength and force which with the turn of mind for constructive baseball that characterizes John McGraw, ought to bring it through once more on the top.

STRONG INFIELD.

If the infield plays with the degree of excellence of which its players seem capable, the Giants will present the admirable sort of defense that has been their anchor when the gale blew hardest in the recent past. The merits of Groh and Kelly are known. With them it is only a matter of whether they can deliver, as in the past. The speed and dash of Frisch are two factors always in evidence. The problem is whether Jackson at short can take Bancroft's place. That is the greatest hurdle the Giants face, with the exception of pitching.

GIVE JACKSON CREDIT.

Some ancient iconoclasts shake their heads and insist that Jackson will not come through. That is unfair. Give every young player his chance. Jackson came out of the Southern Association with some folks insisting that he was not a good infielder and some insisting that he was. He was given a job that precious few kids are asked to tackle—to take Bancroft's place in summer with a team that had a chance to win a pennant. He played so well that he did his share toward winning it. No ordinary player could do that. If he is to be the man on whom destiny is to lay a heavy hand, at least let's wait until the ceremony occurs.

PIRATES IMPROVE.

The remainder of the Giant team is good enough to go along and win another pennant—if there is satisfactory pitching. McGraw says he has a good chance to win if he gets the pitching. And he is not given to over optimistic predictions.

Pittsburgh has not got very far east yet, but enough has been heard about the team to figure that it will be in the first division hunt. The Pirates are expected to bob up strong on the infield. If they do, beware of them. As sure as their infield stops the holes that have been leading out into the safety zones beyond, the Pirates will win five to ten games more than they did in 1923. Figure how close that may put them to the pennant.

REDS HAVE PITCHERS.

Cincinnati is undeniably strong in pitchers. Jakie May seems ready to start at the beginning of the race. If he can pitch some left hand games well enough to win his first four starts, he will help set the Reds out in front. Donohue will pitch the opening game in Cincinnati. He was it last year, and hopes to do as well again. Rixey, the veteran southpaw may start a little late, because he injured his knee in practice, and Benton, former Giant southpaw, must get off a little more flesh before he will be ready for nine innings. Mays seems to be in good trim, but he too is not lean enough. Sheehan must be used with caution if he is to go well. A bad start might have a bad effect on him.

CUBS-CARDS NEXT.

The Cubs and St. Louis look like the little sisters who will be between the upper and the nether millstones. If they don't watch right smart, they will be beaten out by Boston—the most stylish second division club in the league right now. Dave Bancroft may not manage a winning team this year, so far as pennant getting is concerned, but he has produced better spring results and that's a factor in his favor as a manager. If Doak shows he can pitch as he did at his best, the Cardinals will be a better ball team. However, there is nothing to lead one to figure them in the championship class.

The best guess seems to be that it will a three-cornered fight between New York, Pittsburgh and Cincinnati, with the Cubs and St. Louis pecking in the first division window and Boston and Brooklyn both struggling to shove them aside. Naturally that leaves the Phillies to bring up the end, but the Phils are a good road guard bunch and will fight pluckily with what they have.

Thursday—Baptist church
Friday—Methodist church

In all these except Friday night there will be inspirational congregational music and helpful preaching. On Friday night the beautiful and impressive candle light service will be held. Services every night at 7:30.

OUT OUR WAY — By Williams

D. H. S. NOTES

There will be an auditorium for the Sophomore and Junior classes alone at the high school Friday morning. The Seniors will return to their home room for a class meeting at which time the Class memorial and Commencement program will be the subjects of discussion. The Commencement music and baccalaureate address probably will be discussed.

In the auditorium the Decanois the school annual, will be presented to the underclassmen and there will be speeches by different members of the staff and faculty on the respective merits of this year's Decanois as compared with any other or the annuals of any other school. At the close all those who have not yet subscribed will be given an opportunity to do so.

In the meeting of the Senior class Thursday morning it was decided to return the picture which has been under discussion for so long as a class memorial to Chicago and that if it is chosen as a memorial to return it. A memorial committee will be chosen soon to take up the matter of leaving a memorial to the school.

The Juniors in a meeting Thursday decided that the Junior-Senior prom would be discontinued this year unless more money was obtained in the form of dues.

TO INCREASE SEED GRAIN INSPECTION

Urbana, April 10—Seed grain inspection, a major project that was started in 1921 by the Illinois Crop Improvement Association will be continued this year on a more extensive scale with alsike and sweet clover added to the list of crops on which inspection service will be available to farmers and seed growers according to J C Hackleman, crop extension specialist of the college of agriculture, University of Illinois, and secretary of the association.

Crops on which the association will offer inspection service this year include wheat, oats, soybeans, seed corn and red, alsike, mammoth and sweet clover. Mr Hackleman said Farmers who wish to apply for wheat oats and clover seed inspection must do so before June 1 while applications for soybean and seed corn inspection must be in before Aug 1.

DEPOSITS GAIN IN TWIN-CITY BANKS

St Paul April 10—The national banks of the Twin Cities show an increase in deposits of $17,000,000 and a decrease in loans of $18,000,000 as compared with a year ago. This is taken by business men here to show an appreciable improvement in business conditions in the northwest.

March produced a smaller volume of trade in this territory than was expected but the flurry caused by small bank failures has almost subsided. Industrial operations are increasing with warmer weather and growing confidence is noted in both wholesale and retail buying. Salesmen are again on the road and are turning in a large volume of orders.

NEED BUILDINGS IN PHILADELPHIA

Philadelphia April 10—There is a strong demand here for larger quarters by stores, factories and hotels and the housing facilities are still short. Capital is available for supplying these construction needs, provided wages and costs of materials are not increased.

Tells Chemistry's Contribution To Fuel Problem.

Although the natural resources of the nation are rapidly being exhausted and, within a comparatively short time, the fuel problem will be one to be reckoned with John D. Rockefeller has on file seventy-eight separate processes for the manufacture of fuel products, the results of chemistry's contribution to the world, Dr Elton Darling of the chemistry department Millikin university, told the Optimist club Thursday noon at the club's regular meeting in the Y M C A.

Dr Darling took exception to statements frequently made that the experiments of chemists often do more harm than good and told of many of the achievements of creative chemistry that have been a boon to humanity.

The club will be the guests of the physicians and directors of the Decatur and Macon County Hospital at the hospital for lunch next Thursday.

MUSIC CLUB BANQUET DELIGHTFUL AFFAIR

Assumption Gathering Is Greatly Enjoyed.

Assumption April 10—The banquet held at Hotel Philip in connection with the music convention Wednesday night was a very pretty affair. The hotel corridors and dining hall were very pretty and artistically decorated in yellow and white. Easter flowers were used profusely.

The delegates, club officers and members of the Twentieth Century club gathered in the hotel parlor. A gypsy dance in costume by Miss Edith Lacharite and musical reading by Mrs B A Michael were given after which the guests went to the dining room where plates were laid for 108. The tables were lovely with the flowers of white and yellow daisies, jonquils, fern and smilax. Smilax was arranged very prettily over the tables with yellow chickens and white rabbits scattered throughout, yellow roses and nut cups. The favors were little chickens on an Easter egg, made by the children of the grade school the first grade.

Mrs A H Corrine acted as toastmistress of the evening.

Responses were given by the chairmen of the various clubs present.

ARTIST CONCERT

The artist concert at the Memorial Presbyterian church was very much enjoyed by the audience, though most everyone felt a little disappointed that Prof Trevenson of Decatur was unable to come due to serious illness in his family.

H J Olson of New York City professional musician ably handled the pipe organ as well as the piano and rendered several selections.

Mrs A H Corrine sang a love song and "Romeo and Juliet."

Other pleasing numbers included the opera and concert numbers by Percy Crow who possesses a rich baritone voice giving selections from Robin Hood, Faust, Serenade Infestus, On the Shore and others. He was accompanied on the piano by his wife.

Mrs F T Murray of Chicago with ... sang "At Dawning," "Yesterday" and "Coming Home" as her first selections.

WHEAT CLOSE RUNS FIRM

Chicago, April 10—Buying in which one of the larger house took the lead brought up prices of wheat and corn today, more than offsetting setbacks which previously had taken place.

The close was firm both for wheat and corn with wheat a shade to ⅝c net higher May $1 01⅞@1 02 and July $1 03½@⅝

Opening prices which ranged from ⅛ to ⅜ lower May $1 01@¼ and July $1 03 were soon followed by a slight addition sag

Subsequently there were indications that the market had been over sold Besides Indiana and Illinois reports pointed to heavy losses in acreage

Enlarged receipts and scattered selling eased down corn After opening unchanged to ⅛c off May 76¼@½ the market underwent moderate general declines

Word of a better cash demand at Omaha helped later to turn the corn market upward The close was firm ¾ [illegible]c net higher May 76¾@[illegible]

Oats were relatively steady, starting unchanged to ⅛c off May 46⅝@½ and later showing a slight gain in some cases

Provisions lacked support

Makes 'em Grow

After 8 Weeks

—after Conkey's Buttermilk Starting Feed has given your chicks a quick clean start—and you are ready for the big "drive"—feed every fowl this wonderful bone and flesh builder—

Conkey's
The Original
Buttermilk Growing Mash (110)

This is the great developing feed that successful poultrymen use to bring their fowls quickly to maturity—that insures early broilers and layers. Just right in protein and low in fibre. Feed it for certain results—it is one of the three Conkey Buttermilk Feeds.

MUELLERS TO PAY FIVE YEAR BONUS

Change from 20 Years to Shorter Period.

PAY AT EACH PICNIC

No Curtailment in Any of Awards.

Announcement was made by President Adolph Mueller of the Mueller Manufacturing company at a meeting of employes in the club house Thursday noon that the plan by which awards of $500 were made annually to employes in the service of the company twenty years would be so modified that the payments would be made in five year periods instead of twenty year periods.

This means a distribution in bonus [illegible] to employes this year of not less than $30,000. [illegible] this year will be paid only to employes who have been in the service of the company for five years or longer. [illegible] up to the [illegible] of the annual picnic in August.

TWENTY YEARS TOO LONG

Mr Mueller [illegible] the [illegible] at the [illegible] plan was understood clearly by all employes made [illegible]. He began by saying that in 1907 when the fiftieth anniversary of the company was celebrated [illegible] giving [illegible] employes who had been in the service of the company twenty years. The award has been made [illegible] if [illegible] was starting business anew [illegible] about that plan. One reason is [illegible] the time from the beginning [illegible] the award has been so long that many [illegible] no benefit [illegible] was no use hoping to get an [illegible]. The chances [illegible] benefits [illegible].

AWARDS EACH [illegible]

[illegible]

MUST PASS EACH YEAR

[illegible]

$30,000 THIS YEAR

Now I know I will be asked [illegible] this question "How much will it cost the company" so I will [illegible] answer. This year the plan will cost the company $10,000. How [illegible] it will be next year we cannot [illegible] estimate but it will be less [illegible] because this year a number of [illegible] are to be paid to employes who have been with the company [illegible] one five year period.

[illegible] has been talked over by [illegible] of directors since July 1. Mr Mueller asked how many employes had heard of it before but none had.

"It is not usual [illegible] directors to [illegible] a secret this long," said Mr Mueller.

SERVICE BUTTONS

Further announcement was made of a plan adopted by the company some time ago to distribute service buttons to employes this being a development of the plan of giving gold badges to employes who had been with the company twenty years. Now buttons are being made to be given to an employe of five years or [illegible] ten, fifteen, twenty, twenty-five, thirty, forty and fifty years a different and more handsome button for each period. The buttons for the long at service will be valuable and handsome some of the best ones being set with a diamond.

Mr Mueller said that there would [illegible] several thirty year buttons to be [illegible] and some forty years but [illegible] none of fifty except to [illegible] of the company.

[illegible] COMPANY GOOD

These plans are being adopted" said Mr Mueller "because we believe that they will be for the good of the organization. It is not unusual to see an announcement of a well established and substantial company of the fact that they have been founded

WHAT DID YOU SEE?

M P saw a middle aged man driving in the 900 block West Main street in an old noisy Ford roadster with five license plates on the radiator.

C L saw a woman get on a car at the transfer house and ride one block then got off.

K E saw a woman receive too much change in a store and upon going back and telling the cashier about it she did not even receive a thank you for her honesty.

T K saw a woman and a little boy both well dressed get on a bus. The little boy seated himself by the side of another little boy who was not nicely dressed but wore overalls which he had been playing in. The mother when she saw the little ragged boy her nicely dressed son was sitting next seated herself in between the two boys and turned her back to the little boy who did not know what it was all about.

of fair dealing and good service for a company to remain in business and grow year by year. Our company was founded in 18[illegible]. We feel sure that its long career has come because it has given service and we know that the employes who stay with us year after year are giving good service. They are giving the service that makes the company successful.

Brief mention was made of the plan of giving each employe a vacation. Employes were advised to study that plan so that they could get their vacations at a time that would be of most benefit to them.

LITTLE BUSINESS BEFORE COUNCIL

Many Hearings for Improvement Board.

There was practically no business before the city council Thursday morning. A R Helabird manager of the Spess Auto Sales company petitioned for permission to put a gas [illegible] tank and pump in the parking at the northeast corner of the intersection of State and Wood streets and the petition was referred to the council as a committee of the whole.

Then the council adjourned to meet at 2 o'clock in the afternoon to hear the report of the board of local improvements which met at 2 o'clock. There were six local improvement matters before the board as follows:

Laying East avenue from Wood to William street.

Laying Second street from Wood to Eldorado street.

Ornamental lights on West Decatur street.

Laying Fifth street from Wood to Eldorado street.

Water main in Oakland avenue from Water street to Broadway.

Laying North Water street from Division street to the I C tracks.

Decatur

Worth the Price.

While the estimated cost of the proposed north side sewer system including the trunks and laterals, is looked upon by some property owners as rather high at approximately five dollars per front foot or $200 for a forty foot lot the sewer is worth twice the cost to the property.

The day of the sewerless lot in Decatur is past.

Health conditions comfort needs modern home building city demands all make this modern protection against disease plagues and most of the many ills to which the cities of other eras were subject a necessity.

Without sewers property is of little value. Certainly those small values have no chance to grow into greater values until sanitary equipment for home to be built is made possible.

Decatur is no longer a prairie village. It is not yet a large city, but it has reached that point in urban development when the absolute need of sewers for all parts of the territory which the city is gradually absorbing is plainly evident.

Without them values stagnate. With them territories develop, values increase better homes come and with better homes better schools and better streets.

The $200 per lot may seem considerable to a few property owners in the territory affected, but since it will be spread over a series of years it will not be a great burden and long before the payment period has expired increased value of the property will have wiped out the charge should the owner sell.

Should he not care to sell, the sewer will make possible the building of the only kind of a home which should be built in these days —one with proper sanitation, something almost impossible without sewers.

Ownership of city property carries with it the obligation to share the burdens of city growth.

The new sewer system is one of them, but for the new territory to be served it will not be a burden.

It will be a very profitable invest-

BOOST GULLIFORD FOR POLICE CHIEF

Is Now Assistant and Head of Force.

Considerable sentiment is being heard on the street in favor of promoting Assistant Chief Scott Gulliford to the position of chief of police. The feeling seems to be that the best way to build up an efficient police department is to encourage the members by promoting them when the opportunity offers instead of calling in some outsider to superintend a body of men, many of whom have put in the best years of their lives at the work.

As acting chief Mr Gulliford will have an opportunity to demonstrate his fitness for the appointment as chief.

DR. FRED PATTEE TO GIVE LECTURE

Will Be At Millikin Friday Night.

Dr Fred Lewis Pattee who lectures at James Millikin university on Friday April 11 at 8 [illegible] upon the subject "The Modern Outlook Upon American Literature" is one of the outstanding pioneers in his field—the history of American literature. Dr Pattee has been lecturing in this part of the United States speaking [illegible] at the University of Illinois from where he comes to J M U. He has also written a number of articles for literary sections of magazines and newspapers among the most recent and well known in this latter group of which is an open letter to Hamlin Garland.

The letter appeared in the New York Evening Post and concerned the recent criticism by Mr Garland of the newer writings. Dr Pattee brought out to Garland the fact that when Garland's works were first appearing he received criticism in the very same manner and for the same things that he was now pointing to with alarm in the other writers of the day.

Dr Pattee will talk before the members of the Inner Circle of the English club and the class in American Literature at 4:20 Friday afternoon upon the subject of "Literary People I Have Known." This talk will be given in the Elizabethan study where a few people especially interested in the study of American literature may attend if they desire.

Dr Fred Lewis Pattee at present is on leave from the Pennsylvania State College and is devoting the year to literary work.

YOUNG WOMAN RUN OVER BY AUTO

Miss Dollie Nichols Badly Bruised by Another Young Woman.

Miss Dollie Nichols 1028 West Macon street was run over by an automobile at West Wood street and Haworth avenue Thursday morning while on her way to work. She is employed as a saleswoman at the Linn & Scruggs store. It was found by the physician that she was rather badly bruised on the left shoulder and arm and that the wheels of the car had passed over the left leg below the knee and ankle but no bones were broken. She will be confined to her bed for several days.

Miss Nichols was crossing Wood street going north on Haworth and was nearly to the north sidewalk when she was struck. The car was going east on Wood street. There is a jog of nearly half of the width of Wood street at this point. It was a light car and was driven by a girl who seemed to be in a desperate hurry. She was clearly on the wrong side of the street. Miss Nichols thinks it was a Ford sedan although she is not sure of that.

The car stopped and the driver came back to the injured young woman. She was completely at a loss as to what to do when Miss Nichols was picked up by a newsboy and the driver of the car upon request took her home.

TO ACT MONDAY ON TRAFFIC BUREAU

A of C Directors to Take Action Next Monday Night

Definite action of the formation of a traffic bureau to be conducted by the Association of Commerce will be taken by the directors of the association at their next meeting, which will probably be on Monday night.

At that time the committee on formation of the traffic bureau, which has been at work for some months getting the sentiment of the shippers in the city will report to the directors.

EXPECT TO BE FAVORABLE

It is expected that the directors will vote for the immediate opening of the bureau.

Letters to shippers have brought the information that the traffic bureau is desired by most of them and a number of them have already remitted their assessments for the initial expense of opening the branch.

Several traffic experts have been under consideration by the committee as prospective traffic bureau managers for the Decatur office, and it is expected that a decision will be made as soon as the bureau is authorized by the directors.

Plan School Supper.

The Mothers club of the new school house in Raceland addition will have a jitney chicken and noodle supper Friday evening in the school serving to begin at 5 30. Included in the menu are roast pork salad, pie, coffee and ice cream and cake. The

WABASH LOCATES NEW STORE ROOM

Will Be Placed Where Cars Are Stored.

IS LARGE STRUCTURE

Brick and Steel 80 By 450 Feet.

The site for the new Wabash store department building has been located northeast of where the shop buildings were recently destroyed by fire and will occupy part of the ground commonly referred to as the corn field. There are now a number of switch tracks leading from the east running down through this tract where bad order cars or others are often stored. Several hundred feet of the west end of these tracks will have to be torn up for the new building.

As part of this ground is low the Wabash is already filling it in for a foundation for the new building. Work on it is to be started just as soon as possible. It is to be a brick and steel structure building 80 by 450 feet running east and west according to the plan of all the other shop buildings.

ONE STORY

It will be one story except at the west end where a second story will be put on to house the store department office forces. However it will [illegible] store department offices only and will not house the general shop offices.

There will also be an oil house building 40 by 80 feet separate from the main building but connected by a platform. There will be a wide platform along the south side of the main building and of course a loading track for [illegible] along this platform. There will be a track along the entire north side. All of the rest of the corn field tracks will be torn up to a point east of where the new building will be located.

The foundation for the temporary home of the store department is in and the building should be completed in about ten days. It is a large building to be of sheet metal siding and will be used for maintenance of way department supplies when the new store room is completed.

POUR CONCRETE

First concrete for the new [illegible] shop building was poured Wednesday. The heavy concrete base in the walls of the old store department building is proving a tough proposition for the workmen who are tearing it out. It is being dynamited. First blasts only tore off little pieces. Later when heavier charges were used it blew out windows in some nearby buildings.

New I C Parlor Cars

The Illinois Central has just put into service on its best runs between Chicago and St Louis the first of four new parlor cars built for the company at the Pullman plant. Decatur's special interest in these is that six seats in the Chicago bound train are reserved for Decatur passengers each day.

Decatur people wanting to use this car will leave here on the noon train and get that car at Clinton. These cars are to be the latest in every way. They will have twenty six revolving chair seats a drawing room to accommodate six or seven people and a large smoking compartment and several wash basins.

Railroad Notes

The Wabash mechanical department will not have a system baseball league this year. However the shop forces at Decatur have decided to have a local league to play on their diamonds at the locomotive shops. It is planned to have all the various departments enter teams in this league.

Next Saturday April 12 will mark the twentieth anniversary of the arrival in Decatur of G A Lavery Illinois Central passenger agent at Decatur. Mr Lavery came here to that position and has remained in it ever since. However he is not planning to take the day off for celebration but will be on the job as usual.

Patrick E Crowley has been selected as the new president of the New York Central lines to succeed the late A H Smith. This is one of the most important railroad jobs in the world and it now goes to a man who started in for the company at the age of fourteen years and later worked as a telegraph operator, eventually fighting his way to the top. What his salary is to be is not stated but Smith received $100,000 a year.

Railroad business is not getting any better and in fact it is becoming a little worse. The Wabash Decatur division Wednesday handled but 1981 loads making three recent days that have fallen below the 2,000 mark.

Beginning Thursday or Friday the Kingan packing company of Indianapolis will make a thirty day test of stock shipments out of Peoria to Indianapolis by way of the Pennsylvania to Decatur and C I and W to Indianapolis. This is a daily stock train and is to arrive in the Hoosier town not later than 4 30 each morning. It all depends on these tests whether these two roads will continue to hold that business. These roads did handle some of this business some weeks ago but it was then returned to the Big Four a more direct route which had always handled the business.

In order to reduce its telegraph operating forces some more the C I and W has again moved its dispatching forces from Indianapolis one set of dispatchers going to State street and another set to Moorefield.

Engineer Bob Zink of the Wabash passenger service will be out of service for perhaps two weeks or more due to being struck in the eye by some particle while coming through the tunnel at St Louis recently. The eye continued to bother him and he had to eventually undergo an operation.

Miss Margaret Ryan of the clerical force in the Wabash division engineer's office returned to work Thursday after having spent several days in Chicago on business.

Conductor Shea and Brakeman Short of the Wabash have returned from two weeks spent in Hot Springs and Conductor Harley Webber was expected back Wednesday night.

The regular April fuel meeting of the Wabash Decatur division will be held next Monday morning at 9 o'clock in the R R Y M C A.

Miss Hallie Sanders who operates the Van Noy cigar and news stand in the Illinois Central depot has returned to her duties after being off several weeks. She slipped and fell on an icy walk during the winter injuring her hip.

Frank Coppenberger air man at the Wabash roundhouse has motored to Lincoln Ill with his family to visit relatives for a few days.

A number of assignments were made among Wabash brakemen Thursday. Frame bidding in the turn on Nos 8-9 between Danville and Decatur and 6-65 between Decatur and Lafayette. Brakeman Moore took the turn on Nos 10-60 between Decatur and St Louis. Pier bid in the head end on caboose 2202 Wilson on the 2280 and Martin and the 2186.

George A Stadler fell down the steps while at his office Thursday morning and suffered a broken hip bone. He was taken to the Decatur and Macon hospital in the Brintlinger ambulance.

Mr Stadler just returned from several months spent in Florida.

WOODMEN OF WORLD ENCAMPMENT HERE

Four States Expected to Come in August.

IN DREAMLAND PARK

Use Fairview Park for Drill Grounds.

The annual four state encampment of the Woodmen of the World is to be held in Decatur if the plans of the organization work out it was announced yesterday when F J Morris a field agent for the organization, was in the city in conference with the Association of Commerce committee on conventions.

Members of the W O W lodge from the states of Illinois Indiana Wisconsin and Michigan will attend the camp which is to be held Aug [illegible] to Aug 9. It is probable that the Dreamland park camp site will be used for the camp while Fairview park will be used for the drill grounds for the training of the various teams. It is expected that 800 men and at least 100 women will attend the encampment.

LIKES DECATUR

Mr Morris returned to St Louis Wednesday stating that the conditions here were ideal for the camp and that he was almost certain that the 1924 camp would be located here. The camp was held in Indiana last year.

Mr Morris stated that the lodge would purchase all supplies and equipment in Decatur.

The encampment is secured through the efforts of the A of C conventions committee headed by W H Wiley. This committee will meet Friday at 9 30 o'clock to discuss the plans for securing conventions for the coming year. Several large conventions are to be requested to come to Decatur.

TO SHOW MOVIE AT HIGH SCHOOL

"The Hoosier Schoolmaster" To Be Shown Friday

The Thalian Club of the Decatur High school will present the moving picture "The Hoosier Schoolmaster" for the students of the Decatur public schools on Friday April 11. An afternoon and an evening performance will be given.

The ticket sales so far have been very good and everything indicates that there will be a full house for both the afternoon and evening performances. The afternoon show will be presented at 4 o'clock and the evening show at 7 30. An admission of 10c is being charged.

The public is particularly invited to the evening performance. This is the first of a series of shows to be presented this semester in the High School auditorium by the Thalian Club. The next two to be given are the "The Great Redeemer" and the "Sky Pilot."

Arthur Corey Comes With Show

Is Feature Dancer with "Spices" Tonight.

Arthur Corey of Decatur will be the feature dancer with Spices of 1923 at the Lincoln Square theater tonight. Corey has been here before and Decatur people remember him for his gold dance in which his body is gilded. Corey left the "Spices" original company and went into vaudeville putting on a dance act with four girls. However because of his attraction as a dancer he was re-engaged to go with the company and he appears here tonight.

Corey wrote the music for his dance "Adam and Eve" and also the Egyptian dance.

Mrs Heyward Glover of Atlanta Ga. his sister is here for the show tonight. She is staying with Mrs R W Chapman 629 West Prairie street.

DR. D. A. ROBERTSON FOR FOUNDERS' DAY

To Speak At Millikin University May 13.

PLAN FOR CLASS DAY

Want Dr. Mecklejohn to Address Seniors.

Dr David Allan Robertson professor of English literature at the University of Chicago will deliver the annual Founders Day address at James Millikin university on May 13. Dr Robertson was dean of the school of Fine Arts and Literature during the time Dr Judson was at the Chicago University, however last year he resigned to study and write in England. He spent last year in travel all over the United States in the interests of the American Association of Colleges and Universities.

Dr Robertson has a wide reputation as a speaker of prominence and as a man of splendid ability. According to the plan of the committee in charge at J M U for the Founders Day services the observance of this annual ceremony will be held during a chapel period probably with an extention of time allowing ample time for all parts of the program. This would bring the Millikin people together in the morning of May 13.

PLAN CLASS DAY

In a meeting of the senior class of J M U Thursday morning the committee for class day was appointed by the president. Miss Helen Coffey has been named chairman of the committee and will be assisted by Margaret Dewain Janet Humphery and William Russell Reeves. Dean A E Wald was a visitor in the meeting and told the group that the intention of the administration was to get Dr Meiklejohn formerly of Amherst College as speaker for Senior Class Day.

HEAR S D GILKERSON

Salesmanship is a profession said S D Gilkerson merchandise director of the Linn & Scruggs Co to the members of Forum at James Millikin university Wednesday afternoon and continued the speaker selling is greater than buying. Merchandise well sold is one of the principal factors in the commercial game.

"You must also" he cautioned "learn to buy to meet the selling conditions. There are three factors that sell goods one is material a second workmanship and the third style of the goods. Before the goods are bought with the selling desire in mind you must have a plan and do your buying in accordance with the plan.

"It takes money to buy merchandise, but it takes enthusiasm to sell it. Then too it must be remembered in selling high priced goods the aim should be not to sell it at the highest price but at the lowest for such an article is an advertisement for the store.

In speaking of advertising Mr Gilkerson said that it was a department of commerce in itself and that too much stress could not be laid upon its importance in the selling trade.

FARMERS WORK IN FIELDS DAILY

Far Behind in Work But Ground Drying Rapidly Now

With election over and the ground drying rapidly, farmers are already beginning to get into the fields for spring work. The cold and wet weather has delayed the work to some extent but reports from the Farm Bureau Thursday were that a fair number of farmers were out at work.

JOE FIFER TO MAKE DEDICATION TALK

W. R. C. to Present Talk to Wesleyan University.

Ex Governor Joe Fifer will made the dedication speech April 24 in the chapel at the Wesleyan university when the Womans Relief Corps presents the bronze tablet erected to the memory of the late Bishop Samuel Fallows.

Mrs Inez Bender of Decatur has been the committee to purchase the tablet and she will formally present it to the department president of the Corps Mrs Dora L North of Farmer City. Dr W J Davidson president of the Wesleyan university will accept it after Mrs North's presentation to the university.

The dedication will be marked by a very simple ceremony and will be held in the chapel.

W. C. T. U. PLANS TO PROVIDE KIT

Will Contain Clothing and Necessities For Baby.

Plans were made to have a Big Sister kit containing clothing and necessities for a baby to be loaned for two weeks at a time to the mother at the regular meeting of the W C T U chapter Wednesday afternoon in the First Christian church. Visits have been made and assistance has been given several old persons and children.

Reports were heard of the jail services held last Sunday by the committee on prison work assisted by Rev T Harley Marsh pastor of the First Baptist church. In the jail on Sunday were ten men and three women. The treasurer's report and the Woman's Council committee reported. Mrs. Nettie Slifer led the devotionals with her subject being "The Risen Christ."

COUNTRY ROADS IMPROVE RAPIDLY

Motor Club Hears From All Districts

The dirt roads in the county are improving rapidly under the influence of good weather and intensive dragging and working that has been going on ever since the roads were opened for traffic.

Reports received at the Decatur Motor club from all directions report the roads open and in fair condition and that they are being worked constantly in an attempt to get them in the best of shape before rains return them to mudholes again.

CLARK WINS OVER REINDERS

Unofficial Total Gives Decatur Man 400 Lead.

Complete unofficial returns from the twenty-eighth senatorial district show John Clark of Decatur defeated Fred Reinders of Mt Pulaski by over 400 votes for candidate as representative. The official canvass will hardly change the vote enough to cause defeat although there probably are errors in the unofficial total.

The Mt. Zion precinct was canvassed officially Thursday morning making Macon county complete.

The totals for the district are:

Chynoweth—18,146

Clark—1[illegible],770

Reinders—12,349

Dewitt (complete)	[illegible]	445	[illegible]
Totals	[illegible]	[illegible]	[illegible]

For the Democrats A A Hill of Decatur and Grover Hoff of Clinton will be the candidates. The unofficial vote on this legislative ticket follows.

FOR SENATOR

There is no question of the state senator race. Jesse Deck Republican, and Cyrus Tucker Democrat both of Decatur being nominated.

FOR CONGRESS

In the nineteenth congressional district Adkins was named by the Republicans but the race between Fulk and Meeker is still undetermined, there being many missing precincts in the district.

Fortieth District

In the fortieth district composed of Christian Shelby Cumberland and Fayette counties the Republicans nominated Sparks and Bancroft for representative and the Democrats named Poe and Ashbrook. For senator the Republicans named Forrester, and the Democrats nominated Yantis.

Twenty-fourth District

In the twenty fourth district composed of Champaign Piatt and Moultrie counties the reports were so incomplete that representative candidates were still undetermined Thursday morning. Dunlap was named Republican candidate for state senator.

Thirty-fourth District

In the thirty-fourth district composed of Douglas Coles and Clark counties Baxter of Douglas and Hall of Coles were nominated for representatives by the Republicans and Davis of Douglas and Bennett of Clark were nominated by the Democrats.

Forty-second District

In the forty second district composed of Effingham Clay Marion and Clinton counties indications are that M McMackin was named by the Republicans as representative candidate and Lager and McMakin were named by the Democrats. For senator the Republicans named Telford and the Democrats named Banks.

29TH DISTRICT

Charges of 'Dishonesty' Met Instant Denial by Those Present

The counting of the ballot in the twenty ninth district Decatur was not finished until 11 30 o'clock Thursday morning. There was a fight in that district between Willard Lashinski and John W Knowlton for precinct chairman, and the length of time it was taking the judges to count the ballots gave rise to the suspicion on the part of some that there was dirty work going on in an effort to put John Clark across and to give the chairmanship to Lashinski.

Dr Ray Evans John Fagan and Ed Quintenz were the watchers for Mr. Knowlton and it is understood that at least two of them were on the job all the time. Dr Evans is said to have accused the judges of unfairness in the counting and that Mr Knowlton would have been elected had he been given credit for all the votes cast for him and that at least 100 votes were credited to John Clark that he was not entitled to.

John Fagan and Ed Quintenz the other two watchers for Knowlton did not share this view and both declared that an honest count had been given each candidate on the ticket. They said there was no truth in Dr Evans' statements.

J L Kepler and Harry Henry Republican judges and Charles Hebel Democratic judge also declared the doctor was wrong and that the ballots had been counted honestly.

It was a long hard grind and the judges and clerks were practically worn out long before the counting was finished. There were 112 Democratic ballots and those were saved till the last.
